

## Tentative Four Year Plan: BS Psychology/Pre-Veterinary Medicine

The below is a tentative schedule and assumes the incoming student with the following placements; Pre-Calculus (Math 171) and College Writing II (ENGL 111). It is highly recommended that you consult a pre-professional faculty advisor to adapt the schedule to your particular circumstances.

Please check with any specific Veterinary program requirements not covered below. Some possible recommended courses would include the following: General Zoology, Animal Physiology, Comparative Vertebrate Anatomy, Animal Behavior, Animal Nutrition, Evolution, Wildlife Management, Fisheries, Ornithology, Herpetology Microeconomics, and Macroeconomics

<b>Tentative Four Year Plan: BS Psychology/Pre-Veterinary Medicine</b>

**Summer: Job Shadow, clinical/volunteer experience, and GRE Prep**

Senior	ECON 221 or 222: Micro or Macro Economics PHIL 212: Ethics PSY 470: Senior Seminar PSY Elective BCHM 453: Biochemistry BCHM 463: Biochemistry Lab Credits: 16	AH 101: Medical Terminology PSY Elective PSY Elective Com 113 Public Speaking Gen Ed: Elective (as needed) Credits: 15
--------	---	---

**Summer: Take GRE and Submit Application**

Note – This tentative academic plan assumes that the required course for physical therapy programs will not be completed until after graduation. Thus the student will apply after graduation and have a gap/push year before matriculating into a physical therapy program. Please consult your pre-professional advisor for the feasibility of completing the physical therapy requirements in three years and thus apply before graduation.
