

User Progress Tool

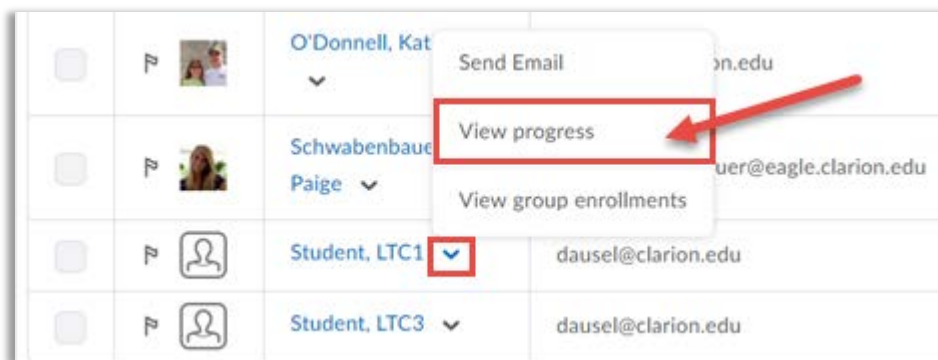

The user progress tool allows you to track your students' progress on your D2L course page by giving a detailed record of their activity in the course.

Accessing User Progress

1. To access this tool, click the "Classlist" link under the "Communication" tab in the navbar.

2. Once in the Classlist, click the drop-down arrow next to the name of the student whose progress you wish to view and click "View Progress".

3. On this page you are able to track progress in Checklists, Competencies, Content, Discussions, Dropboxes, Grades, Quizzes, Surveys, and system login history.
4. View Progress Summary or view specific course areas. Simply click a specific area to see a student's progress in that area.

The screenshot displays a user interface for a student's progress summary. On the left is a navigation menu for 'Student, LTC1 ltc1' with options: Summary (selected), Grades, Objectives, Content, Discussions, Assignments, Quizzes, Checklist, Surveys, and Login History. The main content area is titled 'Progress Summary' and is divided into three sections:

- Grades:** Subtitle 'Final grade not released'. A box shows 'Grades Received: 1'.
- Objectives:** Subtitle 'Learning Objectives Passed'. It shows '0 % (0/0)' with a box for 'In Progress: 0', 'Passed: 0', and 'Needs Remediation: 0'.
- Content:** A table with columns '# Visits', 'Time Spent', and 'Topics Visited'. The data row shows '0', '0d 0h 0m 0s', and '0' respectively. A progress bar on the right shows '0%'.
