He advised any trustee wishing to attend the event but as yet unregistered to contact Ms. Linda Campbell immediately. Mr. James called the trustees’ attention to the Statement of Financial Interests forms at their places and noted a deadline of May 1, 2012, by which to submit the forms to the State Ethics Commission.

Mr. James requested to see hard copies of the auditors' report. Ms. Jill Spence, Interim Director of Accounting, indicated that she would retrieve copies from her office and distribute them to the trustees. Information Items

1. State System Update

Dr. Whitney noted that she had just returned from a meeting of the PASSHE Council of Presidents and the Chancellor where the conversation had focused on the continued cuts in state funding and the impact on PASSHE universities and their ability to deliver courses that students need. She further noted that Clarion University had undertaken some serious restructuring via Responsibility Center Management (RCM) and that the RC managers had agreed to a plan for addressing the Governor’s request for a giveback in FY11-12 funds should the Board of Governors vote to comply with that request. Dr. Whitney indicated that the RCs were in the process of building their budgets for FY12-13 and that a scorecard for assessing program viability would soon be launched to assist RCs in their decision making. In response to a question from Mr. James about whether or not the budget was forcing greater collaboration, Dr. Whitney indicated that Clarion would be building on its existing strengths in collegiality and collaboration.
2. Middle States Re-Accreditation Update

Dr. Whitney noted that the site visitation team from the Middle States Commission on Higher Education would be visiting the university from March 18-21 and meeting with a variety of constituent groups to review Clarion’s compliance with 14 standards of excellence. She introduced Dr. Colleen McAleer, chairperson of the university’s Middle States Steering Committee, who noted that the trustees had at their places a copy of the executive summary of the university’s larger self-study, which was available on the university’s web site at www.clarion.edu/middlestates. Dr. Whitney encouraged trustees who were not planning to attend the Spring 2012 PACT conference to participate in a meeting with the Middle States team. Details will be forwarded to the trustees once the schedule for the site visit is finalized.

3. Presidential 500-Day Plan February 2012 Status Report

Dr. Whitney highlighted outcomes in her February status report on progress in achieving her 500-Day Plan. She noted that responses to the RFP for the Clarion Borough-University Master Plan were due on March 14 and that the PASSHE would invest $450,000 toward priority efforts to assist dislocated workers. In response to a question from Mr. Pickett concerning whether or not PASSHE would be shifting its focus from traditional teacher preparation to a more business oriented curriculum, Dr. Whitney indicated that universities needed to look at synergies between education and business.

43% had GPAs of 2.0 or higher and 83% (106) had returned this Spring. Of the original group, 57% were below 2.0 and only 54% (90) returned in Spring.
