3. Points of Pride

Dr. Whitney called the trustees’ attention to achievements within the university community, including the reaccreditation of the College of Business Administration by the Association to Advance Collegiate Schools of Business International (AACSB), a prestigious designation bestowed on only 5 percent of schools offering a business curriculum. She also noted the university’s annual celebration of academic achievement, the Academic Excellence Series, scheduled for the week of April 21.

Dr. Whitney introduced Mr. Dave Katis, Executive Director of the Sports and Recreation Center, who presented three Clarion University student-athletes who had won NCAA national championships at the Spire Aquatic Center in Geneva, Ohio, in March. The trustees gave the student-athletes a standing ovation.
B. Academic Affairs

Information Items

1. Enrollment Update

Dr. Nowaczyk noted that recruitment efforts for Fall 2014 continued, including open houses, billboards, and television advertising. In response to a question from Trustee James about high school graduation rates in Pennsylvania, Dr. Nowaczyk noted that while the number of graduates had declined over the last three years, there had been some flattening and a turnaround was expected by 2023.

2. Academic Reorganization

Dr. Nowaczyk reported that he and President Whitney had participated in 16 meetings over 10 days with academic departments affected by academic reorganization. He noted that as a result of the reorganization, 31 departments had been reduced to 19. He further noted that academic program development was key to student recruitment.

Trustee Ali-Zaidi discussed the PASSHE 2020 strategic plan and noted his personal advocacy for science and technology education.

C. Finance and Administration

Action Item

1. Approval of Fees for 2014-2015

Mr. Fackler presented the recommendation of a fees task force comprised of himself, Provost and Academic Vice President Ron Nowaczyk, Vice President for Student Affairs Harry Tripp, and Dean of Enrollment Management Bill Bailey, that locally determined fees including the Instructional Support Fee (all students), Student Fee (Clarion campus), Student Fee (Virtual campus), Student Center Fee (Clarion campus), Rec Center Fee (Clarion campus), Student Support Fee (Venango campus), and Room and Board Fees be increased as outlined in the Clarion University Fee Proposal for 2014-2015 that had been provided to trustees in advance of the meeting. He noted that the proposed fee increases were generally on the order of 3%. He further noted that in considering fee pricing, the task force had desired to keep fee
increases moderate in the face of financial pressures related to flat to down appropriation and increased labor costs.

Trustee Shreckengost asked how Clarion University fees would compare to other PASSHE universities after the increases. Mr. Fackler indicated that Clarion would fall in the middle of the 14 PASSHE schools. Chairman Kifer asked about Clarion’s ranking for Room and Board costs. Mr. Tripp noted that after expected 2014-2015 increases were made at other PASSHE universities, Clarion would be ranked 10th or 11th out of 14. Trustee James noted that the Student Activity Fee set by the Clarion Student Association (CSA) looked like it was increasing about 17%. Mr. Fackler noted that the increase was the result of the decision of the CSA Board to go to per credit pricing.

A motion was made by Mr. Young, seconded by Ms. Dunbar, to approve the following resolution. The motion carried unanimously.

RESOLVED, by the Council of Trustees, Clarion University, that the proposed fee increases as outlined in the Clarion University Fee Proposal for 2014-2015, be approved.

2. Status of Facilities Report

Mr. Fackler reviewed facilities projects listed on the Status of Facilities Projects attachment to the trustees' agenda. He noted that Becht Hall renovation project was on schedule and that 75% construction drawings had been submitted by the architect to the Department of General Services (DGS) for the Tippin project. K. Whitney noted that construction projects would require some parking changes at the Clarion campus that would be implemented following Spring 2014 Commencement.
D. Student Affairs

Action Item

1. Certification of Clarion Students' Association (CSA) Compliance with Board of Governors Policy 1985-04, University External Financial Support

Mr. Tripp shared data showing that for Year Ended May 31, 2013, the CSA had provided approximately $1.2 million in revenue and other support to Clarion University while the university had provided slightly over $35,000 in support to the CSA in facilities, support service and administrative overhead.

A motion was made by Mr. James, seconded by Mrs. Bauer, to approve the following resolution. The motion carried.

RESOLVED, that the Council of Trustees, Clarion University, upon recommendation of the President, hereby certifies that the Clarion Students' Association (CSA) complies with the Board of Governors Policy 1985-04.

VII. NEW BUSINESS

A. Public Comments

Mr. Kifer asked individuals offering public comments to limit their remarks to no more than three minutes. Mr. Kifer further requested that if a group had several individuals speaking on its behalf, the group limit itself to no more than three speakers.

Bob Balough, Secretary/Treasurer of the Clarion County Airport Authority, requested the university’s support of the airport’s B-52 bomber show in August. He noted that in addition to the B-52, the show would feature other vintage aircraft and some PA National Guard planes. He further noted that Clarion University business and computer students had participated in airport projects, including the development of a strategic plan for the facility and documentation of its history. Dave Cyphert, Airport Authority President, shared that the B-52 show would be free and open to the public and that a dinner and drawing for plane rides would be held in conjunction with the event.

Kevin Newton, student, noted the frustration of Music students due to uncertainty about fall 2014 schedules, student teacher supervision, and planning for events. He criticized the university’s Workforce Plan and noted that he had contacted a lawyer and that he and other students would be filing lawsuits against the university.

Sarah Butler, student, expressed her disappointment that Music faculty Dr. Hubert Toney and Mr. Russell Reefer, would be leaving the university. She noted that the grades of students had suffered due to changes related to workforce reduction and that she planned to file a law suit. She asked the trustees to reconsider their recommendation to extend the President’s contract.

Marcy Rose Sallack, student, described the spring 2014 semester as a “funeral,” involving good-byes to faculty and students who would not be at Clarion following the current year. She stated that she would not recommend Clarion University to prospective students.
Matt Younger, student, noted that while Clarion University talked about supporting its community, he did not see how that would be possible with the proposed changes to the Music program. He shared his concern that area high schools would lose interest in participating in the annual Autumn Leaf Parade.

Jennifer Vincent Fulmer noted the projected drop in the university’s fall 2014 enrollment and acknowledged the need to save money. She expressed her belief that the steps taken by the university administration would lower quality. She described the Council of Trustees’ support of the administration’s plan as “rubber-stamping” and “heartbreaking” and urged the trustees to repair the university’s reputation.

Stephen Francica, student, asked President Whitney who would serve as next year’s Director of Bands at Clarion University. Dr. Whitney indicated that she would get back to the student with a response.

Dr. Jeanne Slattery, Associate Professor of Psychology, noted that she was thankful that her department had been spared from merger with other academic departments for 2014-2015. She further noted her concern that the university was losing strong faculty. She added that if faculty had been involved in the development of the workforce plan, they would have supported it.

Dr. Steve Johnson, Associate Professor of Music, expressed his sadness at having the Music Education program placed in moratorium. He noted the positive impact that music educators have on students and indicated his belief that a better way of addressing the university’s budget problems needed to be found.

Mr. Kifer noted that the trustees would be going into executive session to discuss personnel matters and that he did not anticipate any additional business when they returned to public session.

The trustees entered into executive session at 8:57 p.m. to discuss personnel matters and returned to public session at 9:42 p.m.

B. Institutional Scholarship Funds

Dr. Nowaczyk noted that under Board of Governors policy, the university could use institutional funds to provide scholarships to assist with fall 2014 recruitment. He indicated that the scholarships could be based on need or merit. The trustees expressed support for the allocation.

A motion was made by Ms. Oberlander, seconded by Ms. Dunbar, to approve the following resolution. The motion carried.
