The Faculty Senate met on Monday, February 3 at 3:30 in the Enid Dennis Room, B-8 Hart Chapel. S. Hilton chaired with the following Senators present: D. Anderson-Brush, J. Beal, G. Clary, B. Frakes, P. Gent, J. Heard, J. Knepper, K. Lander, T. Lavin, R. Leary, M. McConnell, J. Phillips, S. Prezzano, B. Register, H. Savage, V. Spina, B. Sweet, S. Traynor, J. Vilberg, K. Yenerall, C. Zidek. Also present was President Diane Reinhard, Provost J. Grunenwald, Paul Garris (Student Senate) and Chrissy Meehan (Clarion Call)

I. Call to Order

S. Hilton called the meeting to order at 4:35 p.m.

II. Approval of the Minutes

B. Frakes moved and M. McConnell seconded to approve the minutes of December 2, 2002. Minutes were approved with the following addition: K. Lander should be added to the initial list of Senators present.

III. Announcements

S. Hilton encouraged Senators to attend all of the forums currently being held for the Presidential candidates, with a reminder that there are still two candidates remaining to visit the campus. Senators are also encouraged to submit their comment forms to Linda Campbell in 202 Carrier.

S. Hilton also extended congratulations to C. Zidek, who successfully defended her dissertation in December 2002.

IV. President’s Report — delivered by D. Reinhard

After extending a welcome to all of the Senators, D. Reinhard also encouraged all Senators to become involved in the Presidential search process.

She continued by reporting that the student enrollment for the spring 2003 semester is very good. The statistics are particularly impressive on the Venango campus, with a 5.2% increase in enrollment and a 2.1% FTE increase from the spring 2002 semester. She concluded that these initial statistics are a positive step towards meeting the current budget situation.

She continued that the budget situation for the 2003-04 academic year might be more troublesome. She has been attending meetings in Philadelphia with Governor Rendell to discuss the topics of higher education and economic development. Rendell believes that the economic
recovery of Pennsylvania will be enhanced by higher education. Additional meetings have been held in Lock Haven with Congressman Peterson with a focus on "jump starting" the economy. D. Reinhard continued that the Pennsylvania budget for higher education is forecasted at a two billion-dollar deficit. Therefore, Clarion University can anticipate budget cuts. The actual budget will not be presented until the first week in March 2003. She concluded that there would possibly be funds available for schools to become involved in economic development. Positive news is that there will also be several capital projects.

D. Reinhard concluded by stating that the transition report for Governor Rendell has been completed and submitted.

V. Student Senate Report — Paul Garris

P. Garris reported that Student Senate would be meeting on February 3, 2003, at 7:30 PM to review the budget packets for all Clarion Students’ Association (CSA) organizations.

VI. Committee Reports

A. CCPS — S. Traynor

S. Traynor reminded Senators that the deadline for circulation of curricular proposals is February 15, 2003, with the circulation of proposals for experimental courses being February 10, 2003. Copies of these proposals should be submitted to her office in 130 Becker.

B. CCR — H. Savage

H. Savage stated that a revised roster of Senators for the spring 2003 semester would soon be provided via electronic mail. She reported that the application for Phi Kappa Phi is well underway, and that there will be an onsite visit by a Phi Kappa Phi team during the last weekend in February. The University-Wide Professional Development Committee has requested a reappointment for a three-year term. Finally, the dates for Senate elections will be provided at the February 17 Faculty Senate meeting.

C. Academic Standards — J. Phillips

J. Phillips reported that the suspension hearings were held on January 15, 2003, and that results will be reported at the next Senate meeting. The Athletics Subcommittee will be meeting on February 4, 2003.

D. Budget — B. Sweet

B. Sweet reported that Paul Bylaska contacted him and that some budget information was provided. He also reported that PRAAC met during the week of January 27, 2003. Budget information was exchanged, but it was not overly optimistic.

E. Faculty Affairs — J. Knepper
The Faculty Affairs Committee had their first meeting of the semester on January 29, 2003. The committee is researching faculty locations for social activities, and is investigating the initiation of faculty excellence awards for teaching, advising and scholarship. J. Grunenwald commented that these awards would mirror the "Years of Service" award that is currently in place for the staff. J. Knepper commented that these projects would be discussed further in Senate Policy meetings. She concluded that the committee is also working on two position papers on scholarship and years of service to present to Senate Policy.

A. Student Affairs — J. Heard

J. Heard reported that the Student Affairs Committee has been requested to serve as an ad hoc committee for the revision of the Clarion University Student Handbook. The Student Activities Subcommittee reports that thirty-six students were nominated to "Who’s Who." The results of this should be available in February 2003. He concluded that he received inquiries at the department representative meeting last week in regard to the academic schedules. When asked by S. Hilton as to whether the Advising Award involves Student Senate, J. Heard stated that we would research this and report back to Senate.

G. Institutional Resources — M. McConnell

M. McConnell reported that the Technology Committee recently distributed an e-mail survey. The survey is basically inquiring as to the wants and needs for technology on the Clarion campus. He asked Senators to encourage all faculty to respond. It was confirmed that this electronic survey was also sent to faculty on the Venango campus.

H. Venango — C. Zidek

The Venango Committee had their first meeting of the semester on January 31, 2003, with three more upcoming meetings scheduled. At the January meeting the committee discussed recruitment and retention, which has increased 22% since the spring 2002 semester. The committee is also interested in campus visibility and is considering a July 2004 reunion event. A survey for the Venango faculty has been developed to assist in their committee involvement on the Clarion campus. At the January meeting there was much discussion of the many new directions on the Venango campus. This included new initiatives such as residential housing, property acquisitions, and implications for recruitment of the various programs. J. Grunenwald reported that Venango has received approximately $25,000 for grants for development in technology training on the Venango campus. This would require a newly designed curriculum, which the committee is trying to pass by the February 15, 2003 CCPS deadline.

I. APSCUF — S. Kuehn

S. Kuehn reported that, as stated in the latest APSCUF newsletter, six scholarships are available to eligible students. He asked Senators to encourage student to apply for these scholarships. The application deadline is Friday, February 28, 2003. He also asked Senators to encourage all faculty to run for the upcoming APSCUF elections. The nominating petitions are due by noon, February 21, 2003.
VII. Old Business

All old business had been postponed to future meetings in order to accommodate the campus forums by Presidential candidates.

VIII. New Business

CCPS (S. Traynor): There were five curricular read-ins for HIST 277, HIST 354, HIST 362, HIST 562, and PHIL 325 (action numbers 2003-1-001 through 2003-1-004 and 2003-1-006). There was a motion to add the addition of an S (Second Values) flag to PHIL 358 (action number 003-1-005). The motion passed unanimously.

S. Hilton reported that Karen DeMauro and Tom Gusler would be attending the February 17, 2003, Faculty Senate meeting to discuss the Strategic Information Technology Plan. Senators should contact S. Hilton in the event that they need a copy of this plan before the meeting.

She also stated that the Indiana University of Pennsylvania "Senate Resolution Against State System Office Activities" document will be discussed at the February 17, 2003, Faculty Senate meeting.

IX. Adjournment

B. Frakes moved and K. Lander seconded the move to adjourn. Faculty Senate adjourned at 5:07 p.m.

Respectfully submitted,

P. Brent Register

Secretary, Faculty Senate

Faculty Senate of Clarion University

Monday, February 17, 2003

3:30 p.m. Enid Dennis Room, B-8 Hart Chapel
The Faculty Senate met on Monday, February 17 at 3:30 in the Enid Dennis Room, B-8 Hart Chapel. S. Hilton chaired with the following Senators present: G. Clary, B. Frakes, J. Heard, S. Kuehn, T. Lavin, R. Leary, P. McGreevy, S. Prezzano, B. Register, H. Savage, V. Spina, B. Sweet, S. Traynor, J. Vilberg, C. Zidek. Also present was President Diane Reinhard, Tom Gusler (Associate Provost for Administration), Steve Selker (Computing Services), and Rashelle Karp (Associate Academic Vice President).

I. Call to Order

S. Hilton called the meeting to order at 3:37 p.m.

II. Approval of the Minutes

S. Traynor moved and B. Frakes seconded to approve the minutes of February 3, 2003. Minutes were approved with the following change: VI. D. Budget: "The final sentence should read "Budget information was exchanged, but it was not overly optimistic."

III. Announcements

S. Hilton announced that the Agenda item, VII. Old Business: B: Proposed change to the by-laws, would be postponed until a later meeting of the Faculty Senate. She stated that there was much information in regard to the 120-credit change being distributed to faculty, and meetings are in progress across the campus in order to implement efficiently these new changes.

She reminded Senators that, due to the Winter Holiday, the next Faculty Senate meeting will be on March 17, 2003. Sonja Heeter has requested to be included on the meeting agenda to discuss NCATE. The NCATE visitation will occur on the final few days of March, 2003 and the beginning of April 2003. S. Hilton suggested that Senators bring any questions that they might have in regard to the NCATE process to this meeting.

Finally, S. Hilton announced that the Faculty Senate, along with the entire University, is pleased to have Tom Gusler as a member of our community. She then proceeded to read a newly-drafted Resolution statement (see attachment 1). After the reading of this statement, T. Gusler expressed his deep gratitude to the Faculty Senate.

IV. President’s Report

D. Reinhard announced that the Governor has eliminated 120 million dollars mid-year from the budget however, to date, the state owned universities have not received any mid-year reductions. Only state related institutions, such as Penn State, have received these budget cuts. This does not imply that there will not be any budget reductions for the state owned institutions but, thus far, none have been presented. There has been a reduction in an equipment grant to all higher education institutions. Clarion University, which usually receives approximately $88, 000, will now receive approximately $57,000. Contingency planning is underway for instructional equipment. It was confirmed that there is no relationship between this equipment grant and the
student technology fee. Discussion ensued in regard to the renovation of the Peirce Science Center and the equipment grant.

D. Reinhard continued by expressing her gratitude to those Senators who participated in the recent Presidential search forums. She reminded Senators that the Alumni Association will be holding their annual auction on March 8, 2003, and encouraged all to attend.

Finally, she expressed her gratitude to T. Gusler, acknowledged the Senate Resolutions, and reminded Senators that there will be a dinner on February 21, 2003 and smaller reception on February 20, 2003 in honor of T. Gusler.

V. Student Senate Report — Paul Garris

Student Senate is currently presenting their line-itemizing and student organization recognition policies. In addition, they are reviewing the Student Senate constitution.

VI. Special Report — T. Gusler

T. Gusler called everyone's attention to the Draft of the Strategic Information Technology Plan that had been distributed previously. He stated that Karen DeMauro, who was instrumental in authoring this document, was unable to attend the Faculty Senate meeting.

T. Gusler introduced the document by stating that the purpose of this plan is to layout and prioritize technology issues across the university. This difficult task includes decisions regarding hardware, software, and distance education. The plan was initiated by a request to Computing Services to develop a plan that provides some concrete, general guidance.

He continued to discuss brief elements of the Strategic Information Technology Plan (SITP). He reported that the plan was developed by twenty-eight focus groups and represents almost two years worth of study. He stated that the SITP is a "living document" that has undergone various changes and revisions. The plan was initially known as the Strategic Technology Plan until it became evident that the inclusion of "information" was necessary.

T. Gusler encouraged Senators to investigate beyond the Table of Contents and Summary pages. He stated that the "Executive Summary" discuss the genesis of the SITP. This summary includes strategic, operational, and other recommended goals. He pointed out that the operational goal on page 30, "Create the University Technology Advisory Committee (UTAC)," is a very important step for the SITP that would include some Faculty Senate members. He led Senators through the Executive Summary, Strategic Goals and Operational Goals (p. 3-4), Advisory Committee (particularly the "Formal charge to the committee") (p. 30-32), Smart Classrooms (Appendix D), Computer Lab Facilities (Appendix E). He stated that "Technology Goals" is the heart of the SITP document. He continued that the Appendices are relatively current; however, funding for the Learning and Technology Center in Becht Hall will be doubled. In conclusion, he stated that the SITP is an operational plan, much of which was compiled by Karen DeMauro.
H. Savage commented that the draft is very comprehensive and that the authors should be congratulated. She asked if there were considerations being made for a long-term computing center since Still Hall is limited in space. T. Gusler commented that more space, centrally located on the campus, would be ideal. However, there were no definitive answers at this time in regard to space.

R. Leary inquired as to what is the function of University Technology Advisory Committee (UTAC). He used an example of colleagues who received machines that they were not pleased with, and the orders did not come from computing services. Leary was concerned about the authority of this committee. T. Gusler responded by stating that he recognized the departmental computer issues. He has fought to maintain freedom in academic departments, but there needs to be some type of standardization so that computing services can efficiently maintain the equipment. It is his hopes that this will be a strong effective group which will have recommending power.

S. Prezzano asked about any plan for additional technical support. T. Gusler stated that the university is in the process of a new hire for technical support. The expense of outside contractors is too high and can be more effective by hiring an expert. The needs on the Venango Campus will also be considered for this hire. He stated that he does not anticipate any new positions for computer services for the next fiscal year.

Discussion ensued about the possibility of using ISF for faculty computing, the faculty complement of UTAC, and the possibility of each college having their own advisory committees as academic departments are so diverse. It was also suggested that members of the Faculty Senate Technology Committee might serve on UTAC. Finally, when asked about the implementation schedule of this proposal, T. Gusler stated that the draft would need to be approved by the PEC for the formulation of UTAC, and that CCR would need to make a formal call for representatives. He suggested that CCR begin this process.

VII. Committee Reports

A. CCPS — S. Traynor

S. Traynor announced that the deadline for course proposals has passed. The dates in which the Faculty Senate will be voting on these new proposals will be announced at a future date.

B. CCR — H. Savage

H. Savage distributed a revised Faculty Senate Members List for the spring 2003 semester. The only changes from the fall 2002 listing is the addition of Todd Lavin and Vince Spina, who serve as sabbatical replacements for Brian Dunn and Mary Jo Reef. She briefly discussed the upcoming Phi Kappa Phi site visit on February 27-29, 2003. Finally, H. Savage announced that, according to the Senate bylaw, the deadline for nominations to Faculty Senate will be on April 1, 2003, and that the elections will occur on April 15, 2003.

C. Academic Standards — J. Phillips
S. Hilton, reading for J. Phillips, announced that, at the end of fall 2002, 128 students were on academic suspension at Clarion University. Forty-five of these students appealed their suspension to the Academic Standards Committee. The committee held suspension hearings on January 15, 2003, to address these appeals. As a result of these hearings, the committee rescinded seventeen of these suspensions and upheld twenty-eight. Of these twenty-eight that were upheld, five students had their suspension lifted due to the Commitment through EOP/Act 101, while three students’ suspensions were lifted by Academic Affairs.

D. Budget — B. Sweet

B. Sweet reported that the Budget Committee will be meeting with Paul Bylaska on February 25, 2003, at 4:00 PM to review the budget information items that were requested by the committee.

E. Faculty Affairs — J. Knepper - No report.

F. Student Affairs — J. Heard - No report.

G. Institutional Resources — M. McConnell - No report.

H. Venango — C. Zidek

C. Zidek announced that the Venango Committee will meet on February 21, 2003. She reported that responses from the Venango faculty survey regarding committee involvement are being gathered. Finally, she stated that Venango has formed a new partnership with the Center for Advanced Manufacturing and Technology (CAMtech) to provide associate degree programs in Maintenance Mechanic Technology/Building Systems and Computer Service Technology at the Venango Campus.

I. APSCUF — S. Kuehn

S. Kuehn reminded Senators that the nomination petitions for APSCUF contractual committees are due by noon, February 21, 2003 in the office of Vicky Harry. C. Zidek inquired as to whether members on the Venango Campus could fax their petitions. It was suggested that she contact Vicky Harry for an accurate response.

VIII. Old Business

Discussion ensued in regard to the "IUP University Senate Resolution Against State System Office Activities." S. Hilton read a resolution that had now been received from Mansfield University. She stated that, like the IUP resolution, Mansfield was not requesting any action from Clarion University. The resolutions were both discussed, with most Senators in agreement with the content. S. Traynor commented that the most significant seems to be that we were never asked for input, but have merely been directed. Therefore, the over-arching behavior seems to be the real issue. S. Hilton suggested that an ad hoc committee be formed to create a draft of a Clarion University Resolution. J. Heard, V. Spina, and S. Hilton volunteered to be members on
this committee. S. Hilton also stated she will provide an opportunity to those absent Senators to be on this committee. A Resolutions draft will be created and presented to the Senate Policy.

IX. New Business

Action number 2003-1-030 was a change of wording in the writing section of the General Education document as requested by the General Education Council. The recommendation does not alter the requirements in general education or change the nature of what is currently being done in any courses. A motion to adopt this recommendation passed unanimously.

X. Adjournment

B. Sweet moved and B. Frakes seconded the move to adjourn. Faculty Senate adjourned at 4:57 p.m.

Respectfully submitted,

P. Brent Register

Secretary, Faculty Senate

**Faculty Senate of Clarion University**

**Monday, March 17, 2003**

**3:30 p.m. Enid Dennis Room, B-8 Hart Chapel**

The Faculty Senate met on Monday, March 17 at 3:30 in the Enid Dennis Room, B-8 Hart Chapel. S. Hilton chaired with the following Senators present: D. Anderson-Brush, J. Beal, G. Clary, P. Gent, J. Heard, J. Knepper, K. Lander, T. Lavin, R. Leary, M. McConnell, P. McGreevy, J. Phillips, S. Prezzano, B. Register, H. Savage, V. Spina, B. Sweet, S. Traynor, J. Vilberg, K. Yenerall, C. Zidek. Also present were President D. Reinhard, Provost J. Grunenwald and Rashelle Karp (Associate Academic Vice President).

**I. Call to Order**

S. Hilton called the meeting to order at 3:35 p.m.

**II. Approval of the Minutes**

R. Leary moved and M. McConnell seconded to approve the minutes of February 17, 2003. Minutes were approved.
III. Announcements

S. Hilton announced that a Council of Trustees meeting would be held on Thursday, March 20, 2003. This open meeting will be held in the Carrier conference room at 7:00 PM. She stated that flowers were sent to J. Grunenwald, on the behalf of Faculty Senate, as a means of celebrating his new appointment of President at Clarion University. This was followed with a reading of his thank-you note.

IV. President’s Report - delivered by J. Grunenwald/ D. Reinhard

J. Grunenwald again expressed his appreciation to Senators for their acknowledgement of his new appointment.

He expressed that the future university budget is of primary concern. There has not been much information from Harrisburg, so it has been difficult preparing a budget. It could be a long and drawn-out process. He mentioned that a recent videoconference detailed actions that community citizens, faculty, etc. could take in order to contact legislators in regard to the current budget appropriations. It was emphasized that faculty should not use university letterhead if they intended to send letters to legislators. He stated that a preliminary budget for Clarion University has been developed, and that we may be subject to a 10% operating budget reduction and a 3-4% personnel reduction.

P. McGreevy inquired if larger class size was an inevitable implication of these budget reductions, as smaller class size has always been a strong sale for Clarion University. J. Grunenwald responded that all budget decisions are being driven by the current economic situation. There is much uncertainty. The options considered were 1) the elimination of programs, 2) a reduction of student body or 3) attempt to serve the incoming student body by expanding classroom size. The third option is currently the most practical for Clarion University. We are in need of 2200-2500 seats for next fall, with most of these seats at the lower division courses. It was stated that the surrounding states (New York, Ohio) are having worse budget reductions than are Pennsylvania institutions. Clarion’s income is 20-22% lower from the same time four years ago. J. Grunenwald was, however, very encouraging and expressed his confidence for the future.

J. Grunenwald stated that the "Transitions" team had a breakfast meeting and charges were given for the initiation of this program. He expressed his excitement of this program and stated that it is already receiving some national attention from other universities. He concluded that the hope is to raise the second-year persistence rate closer to 80%. The first "Transitions" orientation will occur in only 76 days from now.

J. Grunenwald concluded that student enrollment looks positive for the fall 2003 semester. There is significant growth, particularly on the Venango campus. Neither the Clarion University campus nor the West Penn campus demonstrates any significant increases in enrollment.
D. Reinhard briefly discussed the current budget situation. She stated that we might not receive a final budget before the first of July 2003. She also mentioned the recent videoconference to inform citizens on how to contact their legislators. She stated that revenue estimates should be available shortly, and that this information will be shared once available.

D. Reinhard concluded by reminding Senators that there will be a public reception to honor the appointment of J. Grunenwald on Thursday, March 20, 2003. The reception will be held in Carlson Library from 4:00-6:00 PM, with a short program at 5:00 PM.

V. Student Senate Report — Paul Garris - No report.

VI. Special Report — NCATE — S. Heeter  S. Heeter was not in attendance at this meeting.

VI. Committee Reports

A. CCPS — S. Traynor

S. Traynor reported that the planned date for open CCPS hearings for circulating proposals is April 10, 2003, from 3:30-5:00 p.m. CCPS recommendations regarding the circulating proposals will be made at the April 14, 2003, Senate meeting.

B. CCR — H. Savage

H. Savage distributed a revised listing of the spring 2003 Senators.

In preparation for the upcoming Senate elections, the current Senators perused a list of eligible candidates. This list was formulated in accordance to the Faculty Senate Constitution, which states "full-time personnel holding academic rank, and full-time personnel classified as State University Administrators, State University Managers, and State University Coaches are eligible to serve on Faculty Senate." This list will be submitted to both the Clarion and Venango campuses. H. Savage has been informed that there is no Senate budget to cover the costs of duplicating this list. She suggested two options: 1) to distribute the list electronically on the listserv and/or 2) duplicate lists to be placed in each departmental office and send a ballot to each eligible voter. H. Savage expressed concern about using only the electronic process for distributing the information. S. Hilton stated that there are enough finances in the Senate budget to cover the cost of duplicating these eligibility lists for the departmental offices. She also stated that the rising cost of copying materials is primary reason as to why the Senate budget is lower than usual. D. Anderson-Brush stated that placing the eligibility lists in the departmental offices was not convenient for those members of Student Affairs. J. Vilberg suggested that an e-mail be sent to all eligible voters, stating that the list of those eligible for election has been posted on the web, and also place a copy of the eligibility list in each departmental office. R. Leary stated that the Faculty Senate by-laws state that an official list must be in the hands of all eligible voters. He suggested that an e-mail attachment of those eligible for election should also be sent to everyone, thus covering the requirements of this by-law. H. Savage stated that she would take this course of action.
H. Savage reminded Senators that the nominating election would be held on April 1, 2003, and that the final election would be held on April 15, 2003. She encouraged Senators to help with the election process by donating time to attend the voting table on these dates. A sign-up sheet was passed around the room.

D. Anderson-Brush inquired as to the rationale for fourteen people being nominated in order for the ballot to be valid. She continued that many people find this to be confusing. Responses included that 1) it is stated thusly in the Faculty Senate by-laws, that 2) it insures that the ballot box will not become "loaded" and that 3) it is twice the number (14) of nominees that will actually be elected into the Senate (7).

H. Savage stated that the Phi Kappa Phi site visit has been completed and that positive verbal response was received. An infrastructure for the Clarion University chapter will be developed quickly once membership is approved.

H. Savage stated that March 18, 2003, is the deadline for faculty nominations of outstanding graduating seniors for the Ali-Zaidi Award.

C. Academic Standards — J. Phillips

Academic Standards had a meeting on February 25, 2003. There will be proposed policy and catalog changes under New Business.

D. Budget — B. Sweet

The Budget Committee meeting with Paul Bylaska, scheduled for February 25, 2003, was postponed. The meeting has now been rescheduled for March 25, 2003, at 3:30 PM. There will be a meeting of PRAAC on April 13, 2003.

E. Faculty Affairs — J. Knepper

J. Knepper reported that the final Mentoring Dinner was held on February 19, 2003. It is suggested that the Faculty Affairs Committee rethink who will be invited into the mentoring program. Specifically, the temporary and non-teaching faculty seems much less interested in the program. It was discussed that the faculty attendance at the February 19, 2003, dinner was poor and that the program was extremely long.

Faculty Affairs has voted to send the Teaching Award proposal back to the Partners in Teaching group as Partners in Teaching has most of the information requested by the Senate Policy. Faculty Affairs will continue to work with Partners in Teaching in regard to this award.

Faculty Affairs has begun their planning for the Faculty Retirement Reception, tentatively set for May 7, 2003.

Faculty Affairs will be meeting during the week of March 17, 2003, to investigate the creation of a campus forum for faculty research.
F. Student Affairs — J. Heard

J. Heard reported that the ad-hoc committee reviewing the Clarion University Student Handbook still continues to meet, but has not provided any official report. The Student Activities Subcommittee has sent out their nominations for "Who's Who." The award reception for these nominees will be included in the Annual Academic Convocation. There was nothing to report on the previously discussed Advising Award.

G. Institutional Resources — M. McConnell

The Facilities Planning Committee will meet on Tuesday, March 18, 2003 at 4:30 PM.

H. Venango — C. Zidek

The Venango Campus Committee met on February 21, 2003. The result of the faculty survey regarding committee involvement was beneficial. Five petitions for contractual committees were faxed to Vicky Harry by the designated deadline.

The Venango Faculty Forum met on February 21, 2003, and discussed the search for the Director of Technology position. In addition, Dr. Brenda DeDe presented a faculty development workshop on grantwriting.

Venango campus will host a Volunteer Appreciation Luncheon on March 28, 2003.

C. Zidek also reported that the Venango Campus Committee has met all of their spring 2003 goals. Therefore, they will be having only one more follow-up meeting in April 2003.

I. APSCUF — S. Kuehn - No report.

VII. Old Business

S. Hilton reminded Senators that a revised SSHE resolution from Clarion University was sent electronically to all Senators. She stated that she had received a few comments for further revision. The primary suggestion was that the final statement, "...through an arbitrary system of numeric and quantitative measures," was redundant. She emphasized that the purpose of this resolution is to demonstrate out solidarity with the other SSHE institutions. There was a motion to accept the resolution. J. Heard moved and V. Spina seconded this motion. S. Hilton stated that the resolution would be distributed to the entire faculty and the Senates of the other SSHE institutions once it is approved by our Faculty Senate. D. Anderson-Brush moved to table any further development of this resolution until there was more opportunity for discussion with other faculty. J. Beal seconded this recommendation. The motion to table the SSHE resolution was defeated 14 -7 -1. R. Leary commented that he still feels that the Clarion University resolution is counterproductive and would like solid support from APSCUF leadership before making this decision. S. Traynor commented that the resolution clearly states that it is only submitted from the Faculty Senate of Clarion University. It may not, therefore, reflect the opinion of all faculty
members. S. Hilton commented that nothing specific has been reported in regard to the impact of the other SSHE institution's resolutions.

The motion to accept this resolution passed 14 - 7- 1.

VIII. New Business

CCPS provided curricular read-ins, and distance education proposals were provided for informational purposes (Action numbers 2003-1-031 through 2003-1-071). None of these items require a Senate vote.

CCR nominated Marilyn Stempeck to a three-year term of office to the University Wide Faculty Development Committee. This position is for a faculty member not assigned to a college (NLCO).

J. Phillips distributed a proposed by-law description change for the Subcommittee on Athletics. D. Anderson-Brush noted that the "Director of Athletics" may now be the "Director of Intercollegiate Athletics." J. Phillips stated that he would investigate this title. No action regarding this proposed change could be made at this meeting, but can be voted upon at the March 31, 2003 Faculty Senate meeting. According to the Senate constitution, these changes "will require a 2/3 vote at this meeting provided that it is submitted at the previous meetings." J. Phillips stated that he has additional related information for Policy members that will be delivered to their offices.

D. Reinhard stated that she would discuss the accomplishments seen at Clarion University at a future Senate meeting.

II. Approval of the Minutes

B. Frakes moved and M. McConnell seconded to approve the minutes of March 17, 2003. Minutes were approved with the following corrections: VI.B. CCR: sentence should read "…placing the eligibility lists in the departmental offices was not convenient for those members of Student Affairs." Also, VI.D. Budget: corrected spelling of PRAAC.

III. Announcements

S. Hilton reminded Senators that the NCATE accreditation team is currently on the Clarion campus. Multiple meetings have been occurring as a result of this visitation.

She stated that six interviews for the new Student Representative to the Council of Trustees were held on March 22, 2003. One student was selected and must now be interviewed by the Chancellor. An announcement of the selected representative will occur at a later date.

Finally, S. Hilton presented a framed version of the Tom Gusler Resolution for Senators to scrutinize.

IV. President’s Report - delivered by D. Reinhard

D. Reinhard extended her gratitude to S. Hilton for her comments at the March 20, 2003, Presidential Reception, and commented that she felt the entire event to be a wonderful success.

She stated that good comments are reaching her office in regard to the current visit from the NCATE and PDE accreditation teams. She believes that the extensive planning in preparation of these events was beneficial. She reminded Senators that there was also a visitation team from ALA (library accreditation) on the Clarion campus during the week of March 24, 2003.
D. Reinhard discussed the current budget situation, stating that the Governor presented another facet of the budget during the week of March 24, 2003. This facet included various economic development initiatives that are receiving mixed reviews. There has been no further discussion in regard to the SSHE budget. Clarion University will need to absorb the 5% budget cut. This amounts to approximately $3 million for Clarion University. D. Reinhard commented on the Governor's approach to non-preferred appropriations and his continued distinction between state-owned and state-supported institutions. Ultimately, the Legislature will make the final decision in regard to the budget appropriations. She concluded that the current budget situation is troublesome, especially considering that the Board of Governors will probably only allow another 6% rise in the tuition.

D. Reinhard reminded Senators that she would be making a presentation of the past/future goals of Clarion University at the April 14, 2003, meeting of the Faculty Senate.

V. Student Senate Report - P. Garris - No report.

She mentioned that CCR has received very few absentee ballots and reminded Senators to encourage other faculty members to vote. C. Zidek was informed that the specifics of the Venango campus election should be forwarded to H. Savage.

H. Savage reported that the Phi Kappa Phi application from Clarion University has been approved. She extended her gratitude to everyone for their support of this application, and stated that preparation for the initiation of a new chapter is underway. She stated that the tentative date for this charter initiation is April 27, 2003. This charter membership group will be meeting on Friday, April 4, 2003. Additional information will be forthcoming.

**VIII. New Business**

CCR recommended Dr. Frank Shepard to the University Wide Professional Development Committee. Dr. Shepard, representing the College of Business, will fulfill a three-year term of office. This nomination passed unanimously.

Academic Standards (J. Phillips) presented informational handouts concerning one academic action and one catalog change.

The first proposal discussed was concerned with the reconsideration of manner in which incomplete grades are computed as part of a student's grade point average. This also includes the acceptance of credits from transfer students. The proposal is to not include incomplete grades as part of the calculated GPA. This proposal passed unanimously.

The second handout discussed the revision of transfer and academic passport sections of the university's undergraduate catalog. J. Phillips explained that this proposal attempts to simplify and summarize the current catalog statement. It was determined that the statement should read
"A minimum of 45 of the last 60 credits required for graduation must be taken in residence at Clarion." Discussion included the mention of a cap for transfer credits, a possible reduction in the minimum number of transfer credits, distance education credits, and the definition of "residency" at Clarion University. J. Beal commented that this issue would become more problematic as more students, with varying QPAs, transfer to Clarion University. This proposal passed unanimously.

There was no report.

VII. Special Report — President Diane Reinhard

President Reinhard reported the top ten accomplishments of the entire university that she believes are the highlight of her tenure at Clarion University:

10. *Successes of all Clarion University students:* in the arts, athletics, honors, student senate, and Venango. She praised the quality of the students, and listed achievements such as doubling the Honors Program, scholar athletes, and the range of honorary societies that students are able to access.

9. *Revitalization of the Venango Campus.* She stated that many good things are happening with new programs, leadership, community trust, and increases in enrollment.
8. The development of collaborative programs. She believes that Clarion University has a leadership role in item. She feels that this demonstrates an effective use of resources and used collaborations with the Nursing Program and Slippery Rock University as examples.

7. Advances in technology. She feels that this has had a tremendous impact.

6. The development of the Magnolia Project. This project, initiated by the Foundation Board, will offer apartment-style living facilities as a housing alternative. She hopes and expects that the eventual income from this project may lead to scholarships and aid in student recruitment.

5. The Capital Campaign. She feels that this event, headed by the Foundation, marks the first time that the university has raised significant dollars. She stated that this event changed the vision and expectation of gift giving to Clarion University.

4. An unprecedented number of facility renovations.

3. Enrollment growth in a competitive environment. Strategies for increasing enrollment have been developed, including a significant increase at the Venango campus and in graduate programs.

2. Building on Clarion’s academic reputation with specialized accreditations and academic programs. She stated that the real push for this came from the faculty, and that these accreditations demonstrate that Clarion University is competitive.

1. Relationships…..with faculty, administration, bargaining agreement teams, and other institutions. She stated that the development of relationships is a highlight of the university. She continued that this enhances the purpose of the university and is "the Clarion way." She believes that this is a very special feature of Clarion University.

A brief discussion followed whereas Senators were asked to comment and make additional suggestions. Reminiscences in regard to the President's house were mentioned, and President Reinhard concluded that she is very proud and pleased with the construction of the house.

President Reinhard stated five issues that she feels will torment the next President of Clarion University:

1. The Clarion University budget is always tied to the state economy. All Pennsylvania institutions are effected strongly, and the state administration sets the tone for budget decisions. She feels that the budget will continue to be troublesome until there is a turnaround.

2. President Reinhard believes that she should have engaged the larger community more in regard to planning and budgeting.

3. The year 2008. In this year the demographics change for the traditional age student. Naturally, demographics must be considered for enrollment, budgeting, and retention. She feels that the
"Transitions" program will be important and timely. She concluded that a 20-year decline in student enrollment is possible, and that the university needs to look closely at student interests.

4. She believes that a new Capital Campaign needs to be initiated, and should be a top priority.

5. Peirce Science Center and Becht Hall are a top priority for renovation. She stated that there are major renovation issues for most of the facilities on the Clarion campus, including residence halls.

S. Hilton commented that the relationship between the SSHE institutions and the state administration seems to be tense at the moment. President Reinhard stated that the relationship between SSHE institutions and the state administration has changed much over the past years. She feels, however, that this seems to be a national phenomenon. Universities are being asked to become more accountable and competitive. Nonetheless, it is a different environment. She concluded that, eventually, things should become more settled.

S. Hilton presented the Faculty Senate Resolution to President Reinhard. D. Reinhard recollected a bit on her experience with Senate during her early years at Clarion University. In addition, a Faculty Senate Resolution was presented to first-dog, Maggie.

IV. President’s Report - delivered by D. Reinhard and J. Grunenwald

President Reinhard reported that she had attended many functions over the past several days. This includes events sponsored by the theatre, library graduate presentations, the Athletic Hall of Fame ceremony, alumni class reunions, the Academic Convocation, and the graduate student reception. She hoped that Senators had the opportunity to experience some of the end-of-the-year celebrations. She acknowledged that behind each of these events is a dedicated faculty member. She commented on the success of the May 4, 2003 Spring Fling that featured three bands and that the Student Senate and CSA have now created a new tradition with this event. Dr. Reinhard acknowledged that today’s meeting would be her last with the Faculty Senate. She commented that she has enjoyed her interactions with her colleagues at Clarion University. This is especially true for members of the Faculty Senate, which she feels is a good barometer of what is happening across the campus. She commended all Senators for helping to build a community on the Clarion campus. She commended S. Hilton especially for her work with the Faculty Senate. S. Hilton, in return, expressed gratitude to Dr. Reinhard for her commitment to the Faculty Senate and extended an open invitation to all future meetings of the Faculty Senate should the occasion arise.

Dr. Reinhard fielded questions regarding an April 29, 2003 University Planning document that had been distributed to all Senators.
R. Leary commented that the University Planning document mentioned the expansion of distance education, continuing education, and extended studies by fifteen percent. He inquired as to whether studies have been conducted to demonstrate that this is financially prudent? J. Grunenwald responded that some information has been obtained, and that these programs basically have their own budget and are revenue driven. H. Savage inquired as to the quality indicators that were in place for these programs. J. Grunenwald responded that faculty will be asked to evaluate and provide reports of these programs, and that some faculty will be evaluated as a condition of their hire. In addition, students will also be writing an assessment of these courses. He stressed that much of this project is still under construction.

R. Leary commented that, as Clarion University continues to expand its number of accreditations, many disciplines have no, or no valuable, accrediting body. In what ways do you anticipate resource allocation depending on accreditation? Will it have an effect? J. Grunenwald responded that there has been the attempt to place departments on deadlines to build towards accreditation, which is often a 3-4 year process. He commented that appropriate hiring is important and that end-of-year monies will be used to help build some programs. He concluded that some academic programs are "on the line."

R. Leary inquired as to whether non-accredited departments will be considered a second tier for budget and faculty hiring consideration? D. Reinhard responded that the major impact would be consequences of not having accreditation. The Chancellor has clearly stated that programs without accreditation should be questioned. She feels that this issue is no longer an institutional decision. J. Grunenwald stated that, for the 50-70 annual positions that are filled, the five-year program reviews are more important than the accreditations. He maintains that these hirings are an attempt to satisfy departmental recommendations.

S. Traynor commented that, in the previous POP/SAP initiative, there were several performance indicators where individual institutions could set their own goals. She inquired as to whether this was still true? J. Grunenwald responded no, stating that there are now eight performance indicators related to budget distribution.

S. Hilton commented that small-class size has always been a recruitment tool for Clarion University. Classroom size appears to be expanding. How does this effect marketing and recruitment at the university? J. Grunenwald commented that student enrollment on the Clarion campus is relatively flat, with most of the growth occurring off the main campus. He stated that the Venango campus applications have increased 25%. He concluded that the main campus enrollment of freshmen would be almost identical to the 2002-03 year, with 15-18 less faculty members.

III. Announcements

H. Savage reminded all Senate Policy members that a breakfast with the External Site Visitor for the Enrollment Management Five-Year Review would be held on Friday, September 12, at 8:00 AM in the Library Conference Room B. Members were encouraged to attend.

IV. President’s Report

H. Savage welcomed President Grunenwald on behalf of all members of the Faculty Senate. President Grunenwald commented that he was privileged to serve the Faculty Senate and extended his gratitude to all members who attended his welcome address on Thursday, September 4, 2003.

President Grunenwald stated that the Enrollment Report will be finalized by Friday, September 12, 2003. The enrollment numbers are being checked very carefully. He stated that, unofficially, enrollment is roughly the same for 2003-04 as it was for 2002-03. Enrollment on the Clarion campus is down by 75-100 students. Enrollment on the Venango campus is higher by approximately 100 students, while enrollment on the additional site campuses is lower by approximately 25 students.

He stated that advertisements for fourteen tenure-track positions were posted today. This compares to ten tenure-track positions that were posted during 2002-03. He feels committed to faculty recruitment, however, this also implies some level of financial sacrifice. Clarion University has now 270 tenure-track positions, which is the same level of positions from 2001-02.

President Grunenwald commented that the State System will probably instigate some type of plan during the fall semester. The Board of Governors will be meeting for strategic planning during mid-September. He commented that he will be aggressive and report news as it is learned. This ultimate plan from the State System will allow Clarion University to begin its own PRAAC and strategic planning.
R. Leary inquired as to the enrollment figures. As all degree programs are now 120 credits, as compared to the previous 128 credits, is the enrollment lower because some students might have graduated earlier than expected? President Grunenwald responded that there is little doubt that this is one factor of the lower enrollment figures. There were probably 125 students that graduated earlier because of this new credit reduction. A study will be conducted to analyze the impact of the 120-credit mandate. He continued that transfer students are lower by 65, and international students are lower by 25. Loss in these two groups created a larger financial impact.

H. Savage welcomed Interim Provost S. Green.

V. Student Senate Report – Marcus Surin

No report. M. Surin commented that the first meeting of the Student Senate will be held this evening.

VI. Committee Reports

A. CCPS – S. Traynor

Beal, as the chair of the Budget Committee, is now a member of PRAAC.

R. Leary reported that the final recommendation of Provost candidates has been presented to President Grunenwald. President Grunenwald will consider this recommendation seriously and may seek further input from additional sources. Otherwise, the work of the Provost Search Committee is complete. R. Leary expressed his gratitude to everyone involved in the process.

**VII. Old Business**

After discussion in Senate Policy on November 24, 2003, H. Savage reported that the following spring 2004 topics on Academic Excellence will include: the students’ perspective of Academic Excellence (Chad Horner and Marcus Surin), facilities that support Academic Excellence (Jim Conley and Clare Heidler), and new marketing strategies since the spring 2003 (Ron Wilshire).

**VIII. New Business**

CCPS presented three read-in proposals (action numbers 2003-4-173 through 2003-4-175). A complete list of all fall 2003 curricular changes will be sent to all Senators, Department Chairs, and appropriate administrative offices within the next two weeks.

The Athletic Subcommittee recommended the following policy on student-athletes and academic progress:

1. *The Athletic Department will send a list (via e-mail) to staff eligible to receive academic reports at the beginning of the semester and mid-semester.*

2. *A card will be sent around with student-athletes asking for academic progress, including current grades.*

3. *Coaches may follow-up directly with faculty members.*

H. Savage commented that President Grunenwald has requested that this policy be submitted to Harry Tripp (Student and University Affairs) and Bob Carlson (Sports and Recreation Center), but does not effect the actions of approval by the Faculty Senate. Questions arose concerning conformation of this policy to the Buckley Amendment. Discussion led to the conclusion that the proposed policy does comply, but this will be confirmed. The motion was unanimously approved.
H. Savage initiated discussion of a recommendation from Academic Standard for the creation of an Academic Intervention Taskforce. J. Phillips explained that the goal of the Taskforce would be the retention of students on Academic Probation. Discussion ensued regarding academic intervention programs which may be already in place, the role of the intervention advisor versus the academic advisor, and the lack of advisory programs for this population. According to Rashelle Karp, members of Academic Support Services, and perhaps enrollment management from the Provost’s Office, would be the appropriate contacts for additional information. Further discussion included the possible involvement of Student Affairs, higher admission standards as a solution, advisor responsibility, and student advising. J. Phillips stated that Tracey Johnson (Advising Services Center) is aware of this proposal. This recommendation for an Academic Intervention Taskforce will be discussed further in a future meeting of the Senate Policy.

H. Savage also distributed announcements of the dates, times and locations of Open Forums of the candidates for the Executive Dean of Venango Campus and the Dean of the College of Business Administration.

IV. President’s Report – Dr. Diane Reinhard

Increases in enrollment have continued into the spring semester. There was an increase in headcount of 1.7% and FTE of 1.1%.

The Chancellor has taken several decisive steps in the reorganization of her office. Three of the six Vice Chancellors have been removed, and the responsibilities of the others have been modified. Two additional positions have been created, one for planning and budgeting and one for personnel and negotiations. The Chancellor is attempting to deal more closely with budgetary matters in order to act as a stronger advocate for the state system schools. She has also created the Council of Presidents, which meets directly with her. There are many other subtle changes that President Reinhard believes bode well for the future of the state universities.

Dr. Reinhard indicated that the formation of the planning and budgetary committee, reviewed during the fall semester, is even more urgently needed in light of changes in the Chancellor’s Office, along with the upcoming Middle States requirements. Dr. Reinhard is convinced that the Planning and Budgetary Advisory Committee should be formed as soon as possible.

In light of several recent events involving student violence, policies regarding the role of the university in these matters is being reviewed.

V. Student Senate Report – Student Senator J. Collier

An informal meeting has been held to discuss the weekend initiative programs. The first formal meeting of the semester will be held this evening, January 28. There also was a question from several students about whether a scholarship program existed for children of alumni. The answer is that such a program does not exist at Clarion.
VI. Committee Reports

A. CCPS – S. Traynor
   No report.

B. CCR – R. Leary
   No report.

C. Academic Standards – S. Prezzano
   Suspension hearings were held over two days in early January. There were 49
   suspensions that were appealed. Of these the committee rescinded 11. In addition, the
   Office of Academic Affairs rescinded two for extenuating circumstances. Further, there
   were six more overturned, two with documented learning disabilities, three who enrolled
   in EOP, and one who will receive assistance from the Office of International Programs.

   The committee also reports that two faculty members have been nominated for the
   position of faculty representative to the Athletic Subcommittee. A recommendation will
   be made at the next meeting.

D. Budget – B. Sweet
   No report.

E. Faculty Affairs – G. Clary
   There are two topics being addressed right now. The Committee members are
   revisiting the status of the Faculty Dining Room in Chandler, and two members met with
   a representative of Chartwells in an attempt to identify positive steps that can be taken to
   increase the use of the dining room.

   The second activity is planning for the Retirement Reception, to be held in May. Right
   now there are 12 faculty members who will be honored at this event.

F. Facilities Planning - B. Buchanan
   Dean McGinn has moved his office into the newly renovated library, and
   completion of the occupation of the building will take place by the end of the semester.
   The Facilities Planning Committee will hold its March meeting there, and the Library
   Subcommittee will be touring the facility in the near future.

   Additional topics being reviewed by this committee include the future of some
   undeveloped university properties and the review of the Master Plan.

G. Venango – S. McBride
   The Faculty Forum and the Venango Campus Committee of Faculty Senate have
   both met since the beginning of the spring semester. The retirement date for Acting
   Executive Dean Audean Duespohl is February 22. A reception is being planned in her
   honor.
The efforts to make Venango Campus more visible included the hosting of an event during Oil City’s first night celebration, and the sponsoring of a technology conference organized by the two Chambers of Commerce in the area.

H. APSCUF – S. Kuehn

APSCUF is sponsoring 6 scholarships for $500 each. Application deadline is February 22. Also, Mary Jo Reef will be the contact person for the APSCUF legislative internship. Application should be submitted to Mary Jo or June in the office by March 15.

I. Middle States - R. Leary

The 150-page self-study has been edited down to 97 pages, but does contain a 150-page plus appendix! Three campus hearings were held, two in Clarion and one at Venango, and editing has been done to accommodate the comments and suggestions made. The print shop has the document now, and galley proofs will soon be ready. Two hundred copies of the final document will be printed.

The team visit will be held March 24-27. Faculty are asked to reserve time on Monday of the visit which is the time the team will most likely ask for contact with faculty.
VII. Old Business.

There was no old business.

VIII. New Business

CCPS – Readins included catalog description changes for the following departments: Communication, Academic Support Services, Physics, most of the AGES courses, Speech Communication and Theatre, History and Women’s Studies. Also, a special topics course for spring 2002 was read into the minutes. This is SPED 585: Special Topics in Special Education, “Integrating Academic Standards into Individual Education Plans.”

Buchanan, B. Dunn, P. Gent, V. Harry, S. Hilton, F. Keen, R. Leary, M. McConnell, P. McGreevey, B. Register, H. Savage, V. Spina, B. Sweet, S. Traynor and C. Zidek. II. Approval of the Minutes

P. Gent moved to approve the minutes from February 11, 2001, and S. Traynor seconded. Minutes were approved.

III. Announcements

IV. President’s Report

Dr. Reinhard announced the good news that $52,000 was raised through the recent Spring for Scholars auction, and that close to 500 people attended. There was also good news for equipment funding, when $56,000 in equipment funding that had been frozen was released in Harrisburg. The chancellor has reallocated some additional moneys, awarding Clarion about $182,000 for Science and Technology funding. It also appears likely that the funding will be awarded for both the expansion of the Masters Program in Nursing and the Health Science education center. There are significant and aggressive attempts to convince the legislature to reconsider its current cutback on allocations to the State System universities. The $3.4 million deficit will have a substantial impact.

Notification has been received that “Songs for a New World” will be performed at the Kennedy Center in April, and several other students will be included in programs there.

Sad news for the university is the resignation of Anand Rao, chair of the senate and Coach of the Debate Team, who will be leaving to accept a position in Virginia.

Questions were raised about the new faculty computers that were purchased through the CIS department rather than the Computing Services, resulting in machines that are neither under warranty nor under service arrangements with Computing Services. However, the Provost said that the rationale for these computer purchases was that these machines were much less expensive. The Provost indicated that this process was undertaking only by the College of Arts and Sciences and approved at chair’s council. He also indicated that Computing Services is now undertaking extensive strategic planning to determine its role in both administrative and academic computing. Standardization of computing equipment needs is one of those issues that
Technical and software standardization will become areas for examination in this planning process.

V. Student Senate Report - J. Collier

Budget packets are due Friday, March 8. The Student Senate is considering pursuing the idea of a new food court in Nair Hall, as in the basement of Chandler now. The Student Relations Committee surveyed students about what they would like to see in the basement of Carlson Library.

faculty will most likely take place on Monday, March 25. A meeting with faculty leaders,
to which Senators will be invited, is planned tentatively for 3 p.m. The visitation team
will be presenting an oral preliminary presentation of their initial findings on Wednesday,
March 26, at 1 p.m. Senators are asked to reserve these two times.

The report is on the web, and hard copies are in departmental offices.

VII. Old Business

No old business.

VIII. New Business

S. Traynor presented readins, actions 2002-1-150 through 2002-1-170. These are attached.

A. Rao asked about the committee structure of Senate and its subcommittees. There was some
discussion about how many subcommittees there are, the function of each, the composition
of these committees and the roles that they play. There was discussion about how to approach the
task of examining the committee structure and function, and the degree or extent to which this
evaluation should be undertaken. It was suggested that the structure of senate itself might be a
point of investigation. Dr. Reinhard offered moneys for planning or retreat if Senate was willing
to undertake the evaluation of the whole body. There may be a number of benefits from more
carefully defining the work of each committee and subcommittee. This has been an unusual year
for large time-consuming projects that may have taken some time and energy from other smaller
less critical functions. These include Middle States, the library and its planning, the catalog
revision work, and the work on POP proposals. There was also discussion about the selection of
Senator officers.

It was proposed that each committee and subcommittee prepare a short report and description of
its work. These would available for public examination and can be posted on the web. These will
be expected in two-three weeks. Policy Committee will also be expected to prepare such a
document and investigate its own role and structure. There may also be a call for input from the
general university committee who may have additional suggestions or comments.

IX. Adjournment

B. Buchanan moved to adjourn, and the motion was seconded by M. McConnell. Faculty
Senate adjourned at 4:36 p.m.

Respectfully submitted,

Collier, Provost J. Grunenwald, President D. Reinhard and guests H. Tripp, B. English, D. Knepp, and J. Beal.

I. Call to Order

A. Rao called the meeting to order at 3:34 p.m.

II. Approval of the Minutes

F. Keen moved to approve the minutes from March 6, 2001, and S. Traynor seconded. Minutes were approved.

III. Announcements

Senators are reminded that the Middle States Visitation team will meet with all faculty leaders, on Monday, March 25, at 4 p.m. in Moore Hall. Please RSVP as soon as possible.

A. Rao asked all Committee chairs to complete a preliminary year-end report for the next Policy Meeting, to enhance discussion about the organization of Senate and Policy committees.

IV. President’s Report

Dr. Reinhard presented information about the proposal to create a new academic department, consisting of the Athletic Director, Associate Athletic Director, and Director of Intramurals,
Recreation and Fitness Center. Pending the decision of the courts on their status, the athletic trainers would be included in this new department. Vice President Tripp was also consulted about this proposed arrangement. Dr. Reinhard presented a brief summary of the process through which this proposal was created. One of the concerns that was addressed initially was about the future of the coaching certification program. VP Tripp also presented some insight into the reasoning for this proposal by highlighting its place in the overall re-organization plan for the Division of Student and University Affairs. The initial structure provided a large number of very small units. The restructuring was designed to create larger units more able to complete tasks and a more logical way to meet student needs. In this reorganization, one of the five centers created was one titled “Sports and Recreation Center” that would include intercollegiate sports, intramurals, club sports, outdoor recreation and recreation and fitness.

One of the concerns was the relationship between the academic department of health and physical education with this new department. Currently there are three members of HPE who will be doing work in another department. Contractual obligations have also been explored to make certain that faculty members can serve outside of an academic department, such as the counselors in the Counseling Center.

Department Chair English presented the position of the department that intramural activities should remain within the department. The department has historically supported a full-time position within the department for intramural recreation. The department also believes that the level of expertise needed for a strong intramural recreation program best comes through an academic department. The department also believes that removing intramural recreation from HPE creates a fractured structure. They propose that intramural recreation is within the mission of the HPE department. Removing faculty from the HPE department also creates some difficulties within the department itself, leaving insufficient numbers to support the functions of the department. There was great support for the performance of the current Intramural Recreation Director, Doug Knepp. Questions from Senators concerned the impact of this reorganization on performance outcome plans and resource allocation. Intramural recreation does not currently come through the academic department, but through student affairs. The separation of intercollegiate athletics into a new department is supported by both the administration and the HPE department; the disagreement concerns the placement of intramural recreation.

Provost Grunenwald provided an update about performance funding. The Board of Governors established eight performance indicators, putting the system schools in competition. In response, Clarion anticipated that funding might not meet expectations, and thus set aside moneys for that possibility. However, Clarion earned more than expected, $326,000, exceeding the performance. Three universities (Millersville, Shippensburg, and Clarion) improved performance on three indicators, and thus were rewarded. We got 101% of what we expected; the school with the lowest performance only received 64%. In next year’s budget round, two percent of allocation will be sliced off and put in competitive performance funding, and the following year, 3% of the allocations will be put into performance based funding. While we need to be prudent, we also need to be able to create budgets that are reasonable and based in the idea that Clarion will perform adequately. The three items where Clarion performed the best were fundraising, increase in minority faculty representation, which was up 30%, and the 6-year retention rate of minority students.
V. Student Senate Report - J. Collier

Students were polled to gather ideas about the ground floor of the Gemmell Student Complex following the evacuation of the library occupation. Among these proposals was a bowling alley, and a credit union for students. Election of Student Senators will be Tuesday, April 29, which will be the last meeting date for current officers. Following that, the new officers will assume their duties.

VI. Committee Reports

The Foundation has completed access of Magnolia Estates. The complex to be developed there will accommodate 320 students is planned and half of those spaces will be available by the fall of 2003. Also, renovation plans of office and classroom space in Becker have been developed and are being studied.

H. Venango Campus - S. McBride - Results will be coming soon about the candidate for the Executive Director position.

I. APSCUF - S. Kuehn - There will be an APSCUF meeting tomorrow, March 19, at 3:30 in Hart Chapel. Department chair elections for the five departments that did not elect a chairperson will also be held on Tuesday, March 19.

There were 47 applications for APSCUF scholarships, and six were awarded. S. Kuehn thanked the committee members who worked on this committee for their hard work in evaluating these applications; these were P. Stover, chair, K. Traynor, and S. Heeter. The following are the
students receiving a $500 scholarship for fall 2002: Seth Brown, Cynthia Fugate, Susan Hefley, Kelli Kougher, Julie Lundy, and Marcie Thomas.

   J. Middle States - R. Leary - Faculty leaders are reminded again to meet with the Middle States Evaluation team on Monday, 4 p.m. on Moore Hall. Initial findings will be presented by the team on Wednesday, March 27, at 1 p.m.

VIII. New Business

The scheduling of Senate elections is in conflict for an appropriate date with the Spring break. R. Beal, B. Buchanan, G. Clary, P. Gent, S. Hilton, G. LaRue, R. Leary, S. McBride, P. McGreevey, B. Register, H. Savage, B. Sweet, S. Traynor and C. Zidek. Also present were Provost J. Grunenwald and President D. Reinhard. Also present were the following guests: L. Bering, S. Harris, S. Johnson, D. Madison, C. McAleer, and D. Poljanec.

I. Call to Order
A. Rao called the meeting to order at 3:34 p.m.

II. Approval of the Minutes
S. McBride moved to approve the minutes from March 18, 2001, and B. Buchanan seconded. Correction to the minutes included changing Jon Beal from the list of guests to the list of Senators. Minutes were approved.

III. Announcements
A. Rao congratulated the President and the university for the recent highly successful Middle States Evaluation Site visit, and the end of the visit report presented last Wednesday.

IV. President’s Report
The President was also very delighted with the Middle States evaluation and successful site visit, and thanked all who played a role. B. Sharpe will be presented with the President’s Medallion for his work and leadership for the Middle States Steering Committee. This honor will be bestowed during graduation ceremonies.

One of our students, Seth Brown, has earned the Goldwater Scholarship Award.

Given these successes, the President announced that she is “pleased as punch.”

G. LaRue asked about the placement of the Office of Minority Affairs in the reorganization of Student Affairs. Some of the minority students are concerned about the guidance and leadership they will receive, along with concern about the physical space that they will occupy. These students felt excluded from discussion about the reorganization. The President wasn’t sure why the students were not included in discussions, for there were mechanisms in place for student input. She indicated that there was intent to provide even stronger support for minority students.

V. Student Senate Report - J. Collier - No report.

VI. Committee Reports
A. CCPS - S. Traynor - no report.
B. CCR - H. Savage - H. Savage explained the hard copy list printed on white paper and distributed electronically of those eligible for Faculty Senate contained an error, which has been corrected. A new electronic list has been sent, and a new hard copy has been printed on blue paper. She asked for help passing along information to faculty about this nomination process. Dr. Grunenwald explained that given the use of several dynamic databases for employee and staff information, arriving at a complete list such as this is very difficult.

The nominations election will take place Wed. April 10 in the lobby of Carlson Library. We need two people from Senate to man the ballot boxes during that time. Elections will take place Wed. April 24, in the library lobby. Only one faculty member from Senate will be needed, as APSCUF, whose elections will also take place at that time, will provide a person to man the polls.

C. Academic Standards - S. Prezzano - no report.

D. Budget - B. Sweet - no report.

E. Faculty Affairs - G. Clary - Discussion about the faculty dining room will be brought first to Policy Committee. The retirement reception, expected to be held in Hart Chapel, will instead be held in its entirety in Moore Hall. The internal deadline for a name to be printed in the retirement reception booklet is April 15. The reception is scheduled for May 8 at 4 p.m.

F. Student Affairs - B. Register - no report.

G. Institutional Resources - B. Buchanan The FPC met on March 19. It was announced that four sculptures have been donated to the university. Two will go to the library, one will be placed near Ralston and one near the Rec Center. Allocations for new projects have been put on hold. Also, the Library Subcommittee met March 12, and is continuing to work with Dean McGinn to develop ways for the library to communicate with academic departments. Bev Smaby has done a great job of keeping the committee so actively involved with this important transition.

H. Venango Campus - S. McBride - no report.

I. APSCUF - S. Kuehn - no report.

J. Middle States - R. Leary - Senator Leary asked all senators to look at the names of the Task Force to recognize the number of people who contributed so much. He was pleased to see how many people were involved. His congratulations to all.

VII. Old Business

VIII. New Business
CCPS - S. Traynor presented CCPS recommendation for two courses to receive Q flags. These recommendations also come from the Gen Ed Council. These courses, PHSC 113 and PH 254, were approved to carry this flag.

All of the circulated changes also were brought to the floor. These changes included the proposal from CSD to reduce the number of credits required for the degree from 128 to 120. Dr. Grunenwald presented related information about the baccalaureate degree minimum from Clarion University that parallels the policy of the Board of Governors, Policy 1990-06-A. This policy states that a minimum of 120 semester credit hours are required for the undergraduate degree, with at least 40 percent of the total to be found in general education and at least 25 percent located in coursework in an academic disciplinary or interdisciplinary program. In response to a question, Colleen McAleer, from CSD, said that the credit reduction comes from free electives. She indicated that the majority of the students attend grad school, and that the upper division work is quite rigorous. Students were filling up course requirements with additional courses from other sources. Discussion continued about General Education, and how changes might be made by other departments. It was suggested that the General Education Council might consider developing a standard process by which other majors might approach reducing the required credit load. Other state system schools are also examining the reduction to 120 credits for baccalaureate degrees, and the Board of Governors, while not issuing formal policy concerning this, may support the reduction.

Instead of voting for all of the proposals at one time, it was proposed that the three minors, Action numbers 2002-1-189, 2002-1-190, and 2002-1-200) be removed from the block for voting. All other action items were approved.

R. Leary asked questions about the creation of these minors in biology and physics. His concern was about the possibility that these minors would become difficult if not impossible to complete, especially in light of staffing requirements. Steve Harris replied for the biology department that the required courses in the minor are the same for those as majors. The electives available are also those the majors would select, and so there appeared to be little difficulty for students in completing the minor courses. Dr. Grunenwald answered for the physics department, indicating that there would be sufficient course offerings for students in complete the minor, in light of the similar situation concerning the required courses and electives for physics majors as well. These minors were approved.

Dr. Grunenwald commended Sue Traynor and the members of CCPS for the significant amount of work that was completed during this academic year. A. Rao joined in this congratulations and thanks.

VII. Old Business

Senate Committee Structure – A. Rao introduced this ongoing discussion about the structure of Faculty Senate by outlining three points that bear consideration. First, there were some committees that were underutilized or had little direction in the ways the committee should function. A second consideration is that faculty are already feeling “overcommittee-ed”; a third is that any changes that may take place could have serious implications and should not be taken lightly.

Senate Representation and Election Process – A. Rao introduced the topic of the nomination and elections to the Senate. One question that has arisen concerns the effectiveness of the current nomination process. It was proposed that perhaps the current nomination process that requires each voter to nominate seven candidates could be replaced with a process that allows a prospective candidate to seek signatures to a petition that would place him on the ballot. The discussion also examined the possibility that the Senate should in fact become a representative body, electing people from each of the collegiate units, although discussion followed that indicated that Faculty Senate is a body representing faculty at the university level rather than the departmental or college level. In order to enact some change, the procedure must be presented in the form of a proposal, and at least two Senate meetings must pass with discussion before any voting can take place. The entire campus should be informed and the preparatory materials can be distributed. Discussion on these topics can be continued in next year’s Senate.

Chair Anand Rao took the opportunity during this final meeting of the year to offer his thanks to the Faculty Senate student workers, President Reinhard and Provost Joe Grunenwald, all the members of the Senate and Policy Committee members. He believed it to be a very productive year, which saw the Middle States evaluation, a new Chancellor who eliminated POP and introduced SAP.

III. Announcements

S. Hilton stated that the new 120 credit hour mandate has a tight timeframe. The Council on General Education will be holding hearings on Thursday, September 12 to discuss submitted proposals regarding the reduction of credit hours. The Council will be addressing their part of the General Education change and are soliciting suggestions from faculty. This new mandate will have an important impact on the campus.

IV. President’s Report — Diane Reinhard

Dr. Reinhard reported that it has been a successful start to the new year. The orientation program has been successful and members of the Provost’s office should be commended for their hard work. The fall Faculty Meeting was also a success. Portions of this meeting are available on the web. The reception provided by APSCUF was good.

Clarion University enrollment is positive with over 6500 students.

2002-03 will present new challenges to Clarion University. Amongst these is the new 120 credit mandate. Five SSHE schools are piloting new financial software (SAP). Clarion is one of these, with the new technology changeover scheduled for November. The software is being touted as easier to use. Also, Clarion will need to recoup a $2.5 million dollar shortfall.

D. Reinhard commented that Clarion does have a great legacy to build upon. She expects that this year will bring good things, including the selection of a new President. She extended wishes to everyone for a great new academic year. There were no questions.

V. Student Senate Report — Janna Gallagher, Student Senate representative

Members of Student Senate spent the weekend of September 7-8 at their annual retreat at Findley Lake. Their first official meeting will be the evening of September 9.

VI. Committee Reports

No Report. Senators were reminded that many CCPS deadlines are approaching.

B. CCR — H. Savage

H. Savage will present recommendations under new business.

C. Academic Standards — J. Phillips

Hearings for academic retention were held on July 25 and August 2. 45 students appealed, 23 rescinded, 16 upheld, 5 were rescinded by EOP recommendations, 1 grade change.

D. Budget — B. Sweet

On September 19th the budget will be presented to the Board of Trustees. The meeting will be held at the Venango Campus in Montgomery Hall. As soon as the budget is approved, it will be available to B. Sweet and the Budget Committee.

E. Faculty Affairs — J. Knepper

The Mentorship program is well underway. Mentorship Dinner dates have been scheduled and speakers are lined up (with the exception of a speaker for February). J. Knepper extended her thanks to H. Savage and
G. Clary for their support. 17 new faculty are participating in the Mentorship program. Faculty have been very responsive to the call for mentors.

**F. Student Affairs — J. Heard**

No Report

**G. Institutional Resources — M. McConnell**

No Report

**H. Venango — C. Zidek**

The first Faculty Forum was held at Venango on September 6. The campus will have a booth at Applefest will be held on October 4-6, which provides good visibility to the Venango Campus. One goal of this committee is to study the vision of Venango. There will be more strategic planning, starting with faculty development workshops. Venango enrollment is up 24% after the drop/add period. There is a total of 608 students after 1st week, compared to approximately 530 last year. J. Grunenwald commented that West Penn enrollment has also increased, and that it is difficult to keep track of enrollment numbers now that we have 11-12 teaching sites. C. Zidek also announced that Dr. Christopher Reber is the new Executive Dean for the Venango Campus.

When questioned as to what elements contribute to Venango’s success, C. Zidek commented that everything is growing at Venango: the Jump Start program for high school students and plenty of community outreach programs. Student enrollment and FTE is higher for most of these programs. There should be some program breakdown numbers by the September 23 Senate meeting.

**I. APSCUF — S. Kuehn**

The APSCUF Executive Council met on September 3. Coaches are on board now as members of APSCUF. Overall membership percentage is below 90%. New faculty need to be encouraged to join APSCUF. There will be an election soon to fill a vacancy on the University Promotion Committee. The latest APSCUF Newsletter has been distributed. S. Kuehn commented that Colleen McAleer comments on Reinhard’s impact and the relationship between APSCUF and the administration in the Newsletter. He feels this is a legacy statement that can be attached to Dr. Reinhard’s work at Clarion. He also suggested that this information might be considered for the new Presidential search.

**J. Presidential Search — G. Clary, P. McGreevy**

S. Hilton stated that reports from this committee will only be periodic. G. Clary reported that the search ad has appeared in the August 16 edition of *The Chronicle of Higher Education*. Jan Greenwood, a consultant with A.T. Kearney, Inc., which has been contracted by the SSHE, will be in Clarion on September 12 to meet with constituent groups. Her goal is to gain an understanding of the traits and characteristics we are seeking from our new president. P. McGreevy reported that members of the search will include O. Amsler, S. Burns and O. Lerch, from the Council of Trustees; Deans G. Grejda, M. Kavoosi, J. Pesek; C. Weir, G. Clary, P. McGreevy, R. Laugand, D. Kahle, R. Emert, M. Becker (liaison), and the new President of Mansfield University.

**VII. Old Business**

There was no old business. S. Hilton commented that some previous issues may surface again this semester. This includes a continued examination of the design of the Senate committee structure. Also, the visibility of Senate across campus, and being of more service to all faculty, will probably be addressed during the year.

**VIII. New Business**
CCR: H. Savage. A list was distributed with individuals appointed to committees as approved by Policy. It was emphasized that each individual was placed only on one committee. Due to the reduced faculty compliment, appointments were distributed to include as many faculty as possible. Most of the faculty received their first choice. It was emphasized that committee members continue to represent the university as a whole and not just their department. Student Affairs, Student Activities, CCPS, and Venango committees will need to have elected student members. A memo will be sent to inform committee members of their new appointments. Committee chairs are reminded that there is an attendance policy in place for meetings, and were encouraged to meet with their committee soon to set an agenda. CCR formally recommended the committee members listed for this academic year. No discussion. The slate of candidates was approved unanimously.

CCR requested approval of four new members to the Honors Council (B. Barnes, S. Heeter, B. McCauliff, and B. Register). There was no discussion and the nominations passed unanimously.

S. Hilton: The PRAAC (Planning and Resource Allocation Advisory Council) is currently being organized. S. Hilton and B. Sweet will serve on this committee. Three additional at-large members will be appointed by President Reinhard.

Diane Anderson: Questioned whether the faculty appointment on the CSA is appointed by President Reinhard. She mentioned that there will be two openings on the Board of Directors. H. Savage agreed to research this.

IX. Adjournment

M. McConnell moved and P. McGreevy seconded the move to adjourn. Faculty Senate adjourned at 4:19 p.m.

The Senate Policy Committee will meet prior to this meeting at 3:15 PM.

There will be a meeting of the Council on General Education on Thursday, September 26, 2002 at 3:30 in 250 Gemmell. The Council will solicit faculty discussion regarding 120-credit recommendations.

The Council of Trustees met at the Venango Campus on Thursday, September 19, 2002. The Clarion University budget was approved at this meeting.

On September 12, 2002, some members of Senate Policy met with A.T. Kearney, Inc. to discuss the presidential search. Members found the discussion to be interesting and insightful.

IV. President’s Report — delivered by D. Reinhard

As of September 16, 2002, Clarion University’s official enrollment data looks very good. Fall semester student enrollment is 6,541, reflecting an increase of 270 students and a 2.3% increase from the fall semester of 2001. Numbers also reflect a 2.3 FTE increase this semester. There is a significant increase in transfer students this semester. Across the SSHE, the average student enrollment is up 3.3%. Clarion shows an increase in their fall graduate student enrollment, which is up 79 students to a total of over 500 students. Student enrollment at the Venango Campus continues to grow.

The Council of Trustees met at the Venango Campus on Thursday, September 19, 2002. Members of the Council were pleased to hear about the revitalization of the program at Venango.

Saturday, September 21, 2002 was Family Day at Clarion University. Over 600 family members attended programs in the Gemmell Student Center and a pig roast at Memorial Field. A highlight of the festivities was the reunion of Clarion University’s 1952 football team (the only class team to participate in a bowl game).

Clarion University hosted its first Black Alumni reunion. The events and banquet were very successful, highlighted by a nice presentation by Dr. Brenda Dede.
Dr. Reinhard will be attending a meeting with the other SSHE Presidents in Harrisburg to discuss the 120-credit mandate, potential program exceptions to this mandate, and the new technology fee. She expressed gratitude to the Clarion University faculty for keeping on task with these new changes. She will provide the results of this meeting to Senate as it becomes available. She stated that program exceptions will be resolved at the October 10, 2002 Board of Governors meeting.

S. Hilton queried as to when definite decisions will be made in regard to the ISF and technology fee. D. Reinhard commented that a reasonable time plan will need to be formulated and then the plan will need to be reviewed. The goal is to approve both plans simultaneously. There has been discussion of appointing a coordinator, although there is also the recommendation that 5% of these fees could be used to employ a student worker. D. Reinhard is assuming that the plan will not be approved until February 2003 at the soonest.

S. Hilton expressed concern regarding the 10% increase in transfer students and the difficulty in creating academic schedules for these students. She queried as to whether this was a trend. D. Reinhard commented that this issue needs to be discussed more with the Provost, although there seems to be strong support from legislators. Many issues are still unsettled in regard to this topic.

P. McGreevy commented on a recent retreat held by Slippery Rock University, whereas the viability of some degree programs with 8 or less majors was questioned. He asked as to whether this was the view of the Chancellor. D. Reinhard commented that one of the 50 current indicators identifies which programs have less than 12 majors. She feels that low-enrollment programs will be closely scrutinized. Many factors will be considered when looking at these programs - Is there a need for heavy recruitment? Are the programs new? Is the program being redesigned? What is the direction of this program? — All of these issues must be discussed. D. Reinhard does not feel that pressure for these programs will ease in the next year. SSHE affiliations must be diligent in the way that low-enrollment programs are evaluated.

R. Leary queried as to whether there been discussion on the economic impact of moving to 120 credits and its potential to reduce student enrollment numbers. He commented that it appears to be a radical change, and that consideration of this future impact might be naive. D. Reinhard commented that there were no financial considerations for the 120-credit mandate. The decision was based on purely educational reasoning to get students through the program in 4 years. There was no financial analysis of this decision. She commented that there are variables in regard to this decision that we cannot predict. There is no guarantee that more students will attend Clarion to balance the number of those graduating students. If the current formula is maintained there will not be much impact on Clarion. She commented that this decision could eventually affect state appropriations. She feels that the current economy and decisions being made in Pennsylvania will have more of an impact on Clarion University.

V. Student Senate Report — delivered by Janna Gallagher

Freshmen elections were held on September 18-20, and Senate may be extending their election deadline. On October 4-6, 2002 Student Senate will be sending 8 senators to a national conference. III. Announcements

S. Hilton reminded Senators of the Carlson Library dedication to be held on Saturday, October 12 at 9 a.m. She also expressed her gratitude to S. Traynor (CCPS) and Legene Quesenberry (Council on General Education) for their hard work with the general education credit reduction for the 120-credit mandate. President Reinhard approved their submitted recommendation on Wednesday, October 2, 2002.

IV. President’s Report - delivered by D. Reinhard

D. Reinhard confirmed her signature on the proposal submitted by the Council on General Education, and expressed her gratitude to the Council and CCPS for their prompt response to this issue. She confirmed that the approval of this proposal enables academic departments to move forward.

She reminded Senators that there will be ample Clarion events in conjunction with the Autumn Leaf Festival. She encouraged faculty to attend the Carlson Library dedication on Saturday, October 12, 2002. She is encouraged that the unfinished bell tower will be completed in the near future.

On Wednesday, October 9, 2002 she will be attending an awards ceremony where several Clarion associates will be acknowledged.

She will be attending a Board of Governors meeting on Thursday, October 10, 2002. The parameters of the new technology fee will be approved at this meeting. J. Grunenwald has met with Student Senate to gather their ideas for use of this fee. She commented that uses for the technology fee are not as broad in its definition, so Clarion must designate the money for appropriate use. A report on the use of technology fees must be submitted by November 1, 2002. At this meeting options for the transition to the 120-credit mandate will also be discussed. An additional agenda item is the discussion on extension of presidential evaluations for the next year, although this does not effect D. Reinhard. She will be traveling to Harrisburg in the future to meet with Chancellor. This meeting will complete her presidential review. A final agenda item at the Board of Governors meeting is a review of performance indicators, including graduation
rates. She indicated that, at the conclusion of this meeting, Clarion would have a better sense of where we are currently placed on these variables, and an expectation of where we should focus for the future.

V. Student Senate Report - delivered by Janna Gallagher

On Thursday, October 10, 2002 the Clarion Homecoming Pep Rally will be held in Hart Chapel at 7 p.m. J. Gallagher reported that the Student Senate Weekend Initiative program is now being controlled by the UAB. She continued that several senators recently attended a national conference, and that Sunday, October 20, 2002 is a "Meet the Senators" event. She also provided the names of two new freshmen senators and reported that several student organizations have been moved from probation to active status.

VI. Committee Reports

A. CCPS — S. Traynor

Curricular proposals continue to be delivered to departments. Wednesday, October 9, 2002 is the deadline for academic programs that want curricular changes and also desire an extension to the 120-credit mandate.

B. CCR — H. Savage

There has been a formal request from CSA for faculty appointments. This will be an agenda item under new business for the Monday, October 21 Faculty Senate meeting.

C. Academic Standards — J. Phillips

The Committee on Academic Standards met on September 24, 2002 and discussed their goals for the academic year. Agenda items include evaluations, academic suspension, and transfer credits. The Subcommittee on Athletics also met on September 24. At this meeting they elected Tony Vega as the new chair, and discussed agenda items such as the student handbook and coach evaluations. The Admissions Committee met on September 27, 2002 and elected Bob Levy as their new chair. Their agenda items include graduation rates, placement examinations, and recruitment of students.

D. Budget — B. Sweet

The budget document has been distributed to committee members. The Budget Committee will be meeting on October 8, 2002 at 4:00 p.m. to discuss this budget.

E. Faculty Affairs — J. Knepper

Faculty Affairs had two "goals" meetings on October 3 and 4, 2002. The committee agreed to continue the goals of the Mentoring Program, the Retirement Reception, and regalia exchange. The committee agreed to discontinue work on the Faculty Dining Room. It was explained that
there were several determining factors for giving up this project: quality of food, cost, and lack of faculty use of the facility. J. Knepper commented that the committee is still pursuing a location where faculty can meet, such as a center for faculty research. Some of the other items that this committee is pursuing are projects for the enhancement of faculty research, faculty recognition, and faculty leisure activities.

F. Student Affairs — J. Heard

Student Affairs met on Monday, September 30, 2002 to finalize their proposal for the 2003-04 academic calendar. This proposed calendar will be submitted under new business.

G. Institutional Resources — M. McConnell

Institutional Resources met on Tuesday, October 1, 2002. As stated from their submitted Goals Statement 2002-2003:

The Institutional Resources Committee will pursue greater transparency in facilities and maintenance operations and decisions. The decisions and process of facilities planning are not clearly understood by many in the campus community. To alleviate this problem, we would suggest a two-part approach: 1) Encourage or create consistent procedures that result in quick, clear communication between facilities and maintenance and those who are requesting their services. Make these procedures widely known to the campus community and 2) Publicize and clarify the process of prioritizing facilities projects on campus with the goal of a braid involvement that leads to better decision-making.

The Technology Subcommittee met on Thursday, October 3, 2002. As stated from their submitted Goals Statement 2002-2003:

The Technology Subcommittee plans to focus on three action areas this year: 1) Disbursement of technology fee funds, 2) An educational technology inventory and awareness activities regarding available technology for faculty and 3) Liaison activities between faculty and Computing Services.

The Library Subcommittee met on Tuesday, October 1, 2002. Beverly Smaby and Sonya Heeter are serving as co-chairs for this committee. As stated from their submitted Goals Statement 2002-2003:

The Library Subcommittee sees its main goal as the promotion of the library as the academic hub of Clarion University. We plan to pursue the following objectives this year: 1) Presentations put together last year will be made to the Chair's Councils and Venango Campus and, 2) We will work to facilitate the improvement of the library collection through a cooperative effort between departments and the library liaisons.

R. Leary suggested that all these committees make an opportunity to peruse the new self-study, as there are many recommendations that may be useful. He reminded Senators that every
department should have a hard copy of the self-study, and that it is also available via the Clarion website.

**H. Venango — C. Zidek**

The next meeting of the Venango Committee is Friday, October 18, 2002. There are three goals that this committee is pursuing: to continue representation on Faculty Senate, to examine Venango committee representation on the Clarion campus, and to continue their previous goal of maintaining high visibility in the community. C. Zidek also reported that Venango was represented at a booth at the recent Franklin Applefest.

S Hilton inquired about the present degree of Venango faculty representation. C. Zidek responded that accurate information is not available.

**I. APSCUF — S. Kuehn**

No Report

**VII. Old Business**

There was no old business for discussion.

**VIII. New Business**

S. Traynor (CCPS) provided Senators with eleven curricular action read-ins (MKTG, COMM, SPED, REHB, GER, NURS, SPAN). These are action numbers 2002-4-009 through 2002-4-019.

J. Heard discussed the proposed 2003-04 academic calendar that was approved by the Student Affairs Committee 03-04 academic calendar. The calendar is attached:

After discussion, it was determined that graduation dates will be the same throughout the SSHE, and that this vote is to actually amend the calendar that Senate approved last year. The proposed 2003-04 calendar passed unanimously.

It was determined that the 2004-05 academic calendar would be distributed electronically and discussed at a future Faculty Senate meeting.

I. Call to Order

S. Hilton called the meeting to order at 3:34 p.m.

II. Approval of the Minutes

R. Leary moved and M. McConnell seconded to approve the minutes of October 7, 2002. Minutes were approved.

III. Announcements

There were no new announcements.

IV. President’s Report — delivered by D. Reinhard

D. Reinhard commented on the tragic event that occurred in Becht Hall. She informed Senate members that the state police were investigating the incident and that a command force had been centralized in Moore Hall. Further comments disclosed that this incident had no connection to any activity in the Peirce Science Center, where a decision was made to cancel classes for the entire day. Senators were informed that the police are making good progress. Sections of the fourth floor of Becht Hall have been sealed and students on this floor will be given different accommodations. D. Reinhard commented that no more information could be disclosed at this time. She reminded Senators that counseling services are available for students who appear to be having difficulties.

H. Savage commented that a short statement apprising faculty and students that this situation was under control would have been helpful to relieve anxiety. D. Anderson-Brush was in agreement with this statement, reiterating that the Clarion University community needs to be informed in a timely fashion. D. Reinhard stated that announcements were made as quickly as possible.

D. Reinhard also announced that a freshman student, majoring in Computer Science, committed suicide while at home during the past weekend. She will be making a campus announcement on Wednesday, October 23, after the funeral services.

V. Student Senate Report — delivered by Janna Gallagher

Chandler Dining Hall has a new to-go menu. The Weekend Initiative program is now sponsored by the UAB. Student Senate will be holding evening dances. Ribbons for domestic violence are available in Carlson Library. On October 24, 2002, a candlelight vigil will be held on the Clarion Campus.

VI. Committee Reports
A. CCPS — S. Traynor

It was announced that October 25, 2002, is the deadline for circulation of curricular proposals.

B. CCR — H. Savage

CCR will have one recommendation under New Business

C. Academic Standards — J. Phillips

No Report

D. Budget — B. Sweet

The Budget Committee met on October 8, 2002, and reviewed the budget. There were seven items about which the committee requested additional information. This list of items was forwarded to Paul Bylaska. P. Bylaska informed that Budget Committee that he wants the PEC to review these items. The Budget Committee will be meeting with P. Bylaska on November 12, 2002. The first PRAAC meeting has not been scheduled as the members-at-large have not been confirmed.

S. Hilton inquired as to why it is necessary to gain verification from the PEC before information about the budget can be released to faculty. D. Reinhard commented that it is to make sure that the information provided is useful. Budget information is open to the public. It is normal protocol that information submitted to the Board of Trustees about the budget is reviewed by the PEC.

R. Leary commented that, traditionally, Senate does not feel that it has been included in budget decisions. This becomes apparent as the first semester is nearing completion yet the Budget Committee has not met with P. Bylaska. D. Reinhard responded that the PRAAC meeting should provide more coordination with Senate. There is a meeting between J. Grunenwald and P. Bylaska on October 23, 2002, to review the budget.

E. Faculty Affairs — J. Knepper

The next Mentorship Dinner will be held on Wednesday, October 23, 2002

F. Student Affairs — J. Heard

There will be one item under New Business. Kristen Powers Nowlin was elected chair of the Subcommittee on Student Activities. This subcommittee has met to discuss agenda items.

G. Institutional Resources — M. McConnell

The Facilities Planning Committee met on October 15, 2002. This committee is looking for project ideas for Magnolia Estates, which will possibly be converted into student housing. This
committee is planning to update signs and campus maps around Clarion. Graphics will include
the old word mark combined with the "swoosh." The Technology Subcommittee met on October
17, 2002. An e-mail questionnaire will be sent to all employees requesting a list of equipment
needs.

H. Venango — C. Zidek

The Venango Campus Committee had several meetings on October 18, 2002. They met with J.
Grunenwald to discuss performance-based budgeting. They also met with Howard McGinn to
discuss the effectiveness of wireless technology on the Venango Campus. A Library Task Force
Committee was formed. It was announced that a new marketing person will be hired for the
Venango campus. The student-apartment project is still being discussed. The Nursing Program
had 100% pass rate on the national licensing examinations.

VII. Old Business

There was no old business to discuss.

VIII. New Business

S. Traynor (CCPS) provided Senators with six action read-ins (CIS, FR, EDAD, HPE/ECH).
These are action numbers 2002-4-020 through 2002-4-025.

H. Savage stated that CCR received a request from CSA chair, Tim Smith, for two new faculty
representatives. CCR recommended Tom Rourke and Karen Dannessa as these representatives.
Each will serve for a three year term. D. Anderson-Brush inquired about the procedure for
announcing these positions. H. Savage responded that an announcement was posted over the
university list serve. D. Anderson-Brush expressed her disappointment at not being appointed as
she would like to see more non-faculty representation on committees. She stated that she
assumed that she would be reappointed because she was on the CSA Board last year for a one-
year replacement. H. Savage responded that Section 4 of the CSA by-laws specifically asks for
faculty representation. She continued by reading the Article 2, Section 4 for clarification of the
bylaws. D. Reinhard confirmed that the CSA Board was looking for instructional faculty. She
continued that the initial purpose of CSA was to oversee the financial institutions associated with
students (the bookstore, etc…). H. Savage volunteered to take the issue back to CCR if the
interpretation of faculty has been too narrow, and requested feedback to CCR if it is felt that the
election methods were inappropriate. There was no request from Senators to revisit this issue. A
motion was made to elect Tom Rourke and Karen Dannessa as faculty representatives to the
CSA Board of Directors. The motion was passed 18 - 4 - 0.

P. McGreevy suggested that important e-mail should be sent RSVP because many people’s e-
mail is not working properly.
J. Heard discussed the 2004-05 academic calendar that was approved by the Student Affairs Committee. The calendar is attached.

The proposed 2004-05 calendar passed unanimously.

D. Reinhard acknowledged a fine Contemporary Concert on October 20, 2002, and described her performance of John Cage's 4'33".

The Faculty Senate met on Monday, November 4, 2002, at 3:30 in the Enid Dennis Room, B-8 Hart Chapel. S. Hilton chaired with the following Senators present: D. Anderson-Brush, J. Beal, G. Clary, B. Dunn, B. Frakes, P. Gent, J. Heard, J. Knepper, S. Kuehn, R. Leary, M. McConnell, P. McGreevy, J. Phillips, S. Prezzano, M. J. Reef, B. Register, H. Savage, B. Sweet, S. Traynor, J. Vilberg, K. Yenerall, C. Zidek. Also present were President D. Reinhard, Provost J. Grunenwald, Crissy Meehan (Clarion Call), Jeffrey Waple (Campus Life), Randy Potter (Psychology), Nel ter Horst (Modern Languages), DeAnn Martz (Campus Life), Yun Shao (Modern Languages), and Rashelle Karp (Provost/Academic Affairs).

I.  Call to Order

S. Hilton called the meeting to order at 3:35 p.m.

II.  Approval of the Minutes

R. Leary moved and M. McConnell seconded to approve the minutes of October 21, 2002. Minutes were approved with the following corrections: The final sentence in the Venango committee report (H.) should read "The Nursing Program had 100% pass rate on the national licensing examinations."

III.  Announcements

S. Hilton reported that the new faculty appointments to PRAAC are Rod Raehsler, Vicky Harry and Steve Harris. The first meeting of PRAAC will be held on Friday, November 8, 2002.
The current student on the Council of Trustees is graduating in December and needs to be replaced. Thus far, the applications are impressive. This student replacement will be ultimately approved and selected by the Chancellor and the PA Governor.

The SSHE Women's Consortium will be held on November 7 and 8, 2002. All senators were encouraged to attend.

IV. President’s Report

President Reinhard distributed a document providing a narrative assessment of Clarion University's 2001-02 accomplishments and the Clarion University goals for 2002-03 and 2003-04. These accomplishments and goals have already been presented to the Chancellor, who was very pleased with the academic quality at Clarion University. Retention is one of the major items that will be carefully watched for the next couple of years. D. Reinhard reported that Clarion has been successfully making progress with all of these goals.

President Reinhard asked Provost Joe Grunenwald to describe the next agenda item - the Transitions program. A draft of this program description was distributed to all Senators. J. Grunenwald explained that the Transitions program is an attempt to create a university experience that begins before the students actually arrive at Clarion. The program has measurable outcomes that have been developed for retention purposes. This program should help also to insure more student involvement once that they have graduated. Many faculty were involved in task forces to develop this document. The program was designed to focus on three major components: modified orientation, discovery program (pre-start experience), and exploration (important information is provided to students during the first semester). The Transitions experience begins with orientation and eventually will lasts through graduation. J. Grunenwald stated that he feels Transitions is a very important and well-developed program of which the university can be proud. The Deans Council will be discussing the program draft on November 13, 2002. He delivered gratitude to the more than 100 faculty and more than 100 students who participated in the original discussions of these documents. J. Grunenwald requested that all suggestions/input regarding this document should be provided in writing to Rachelle Karp by the middle of the week of November 11, 2002. J. Grunenwald commented that the development of the Transitions program has been a positive experience with good attitudes and significant cooperation.

S. Hilton offered her congratulations regarding this document. She asked Jeffrey Waple to provide a brief description of the Transitions program. J. Waple provided background information about the origin of this project. He directed Senators to page 4 of the document that lists the goal of Transitions. He announced that DeAnn Martz has been reassigned as the director of the Transitions program. An implementation group will be formed very soon. Finally, he stated that the plan for Transitions will be developed further, but that the basic outline of the program is included in the provided document.

J. Beal inquired as to the current status of the recycling program at Clarion University. President Reinhard stated that she was unsure, but would report back to Senate at a future date.
V. Student Senate Report - No Report

VI. Committee Reports

A. CCPS – S. Traynor

As many course proposals are currently being sent to Senators, S. Traynor suggested that they be organized by colleges in order to alleviate confusion. An attachment will be distributed soon in order to aid in the organization of these proposals. This attachment will also include S. Traynor's interpretation of the action being requested by departments. The CCPS hearings for proposals from the College of Arts and Sciences will be on November 19, 2002, at 3:30 in Hart Chapel. Hearings from all of the other colleges will be held on November 21, 2002, at 3:30 in the Hart Chapel. The CCPS guidelines are currently available on the web.

J. Beal inquired about what the signature by the chairperson is actually supposed to signify. S. Traynor responded that the signature signifies that the department chair has agreed to the CCPS changes on behalf of the entire department.

S. Prezzano asked if proposals might be posted on the web instead of circulated on paper. S. Traynor responded that our current technology does not guarantee that everyone will receive the proposals. She reminded Senators that the number of proposals over the past couple of years has been above the norm.

B. CCR – H. Savage - No report.

C. Academic Standards – J. Phillips

Academic Standards Committee met on October 18, 2002. The committee is currently investigating a policy modification of the current Transfer Credit Policy. The Subcommittee on Athletics is investigating changes to their by-laws of the constitution. Many of these issues require clarification from the Provost's office. J. Grunenwald stated that R. Karp is investigating these issues and will be responding to the committees.

D. Budget – B. Sweet - No report.

E. Faculty Affairs – J. Knepper - No report.

F. Student Affairs – J. Heard - No report.

G. Institutional Resources – M. McConnell - No report.

I. APSCUF – S. Kuehn - No report.

VII. Old Business
There was no old business to report.

VIII. New Business

CCPS: S. Traynor provided Senators with thirteen curricular action read-ins (CHEM (2), ACTG/FIN, RE (3), FR, GER, NURS (2), SOC (2), PS). These are action numbers 2002-4-026, 2002-4-027, 2002-4-032 through 2002-4-042. She asked Senators to note some changes from her original attachment. These were to change the course titles of "French Immersion," and "German Immersion," and the course number SOC 354.

Four general education proposals were discussed and voted upon individually. These were:

PSY 240, with an addition of a W flag (action number 2002-4-028). This proposal passes unanimously. BSAD 240, with an addition of a V flag (action number 2002-4-029). This proposal passes unanimously. BSAD 341, with an addition of a W flag (action number 2002-4-030). This proposal passes unanimously. SPAN 140, with the addition of a first-year V flag (action number 2002-4-031). It was mentioned that this is also a new course to be presented to CCPS on November 19, 2002. Basically, Senate is approving a course that does not yet exist. There seems to be no precedence for this. This proposal passes unanimously.

Academic Standards: The Academic Standards Committee has been evaluating a change in the credit recognition for military service and the way in which transfer credit for non-equivalent courses is handled. The committee recommended that a policy modification in which the current requirement of six months active duty in order to receive academic credit be reduced to four months active duty. P. McGreevy asked if the health content is delivered through military service, as health is the only course required by all university students. J. Grunenwald commented that four months of active duty fulfills the 120-day requirement for benefit coverage. Some discussion followed. This policy modification passed unanimously.

S. Hilton has received a request from Ron Wilshire to address Senate regarding the University marketing plan. He wants an opportunity to share the development of their plans. He will be placed on the agenda of the next Faculty Senate meeting.

An additional meeting may need to be added to the schedule.

The draft of the Strategic Information Technology Plan was distributed to those Senators not on the Policy Committee. All Senators were encouraged to become familiar with this draft over the upcoming break.

IV. President’s Report

President Reinhard announced that a discussion of the "Narrative Assessment of 2001-02 Accomplishments/Clarion University Goals for 2002-03 and 2003-04" document will be postponed at this meeting in order to focus on CCPS business. A discussion of this document will occur at a meeting early in the spring 2003 semester.

She expressed her gratitude to all faculty for their cooperation with the 120-credit mandate, and made special mention of S. Traynor and the members of CCPS for their diligent and thorough work.

D. Reinhard announced that she has been appointed vice chairman of the higher education committee in governor-elect Ed Rendell's transition committee. S. Hilton asked what duties will be involved with this appointment and what the universities might expect when the new governor assumes office. D. Reinhard replied that it is not certain if this committee will lead to changes in the SSHE, which is more dependent on the membership of the Board of Governors. She reminded Senators that the influence of the governor on the SSHE is very strong. She is currently waiting to hear the recommendations and charges that Rendell is proposing.

V. Student Senate Report - delivered by Mike Phillips
Mike Phillips reported that six members of Student Senate recently attended a conference in Orlando, Florida. Information was gleaned at this conference that can be useful for Clarion University. There was a meeting with all student organizations before the November 27, 2002, break to discuss funding policies. This meeting included the discussion of line itemizing and the firming-up of organizational policies. These ideas will be introduced to Policy at the beginning of the spring 2003 semester.

*(It was determined that, in the interest of time and for the convenience of visiting faculty, that the discussion of CCPS curricular proposals should be held at this time.)*

**VIII. New Business**

S. Traynor asked that Senators set aside any CCPS proposals of which they felt were questionable, whereas the proposals that present no problems will be approved as a group. Proposals that are questionable will then be discussed on an individual basis.

J. Beal deemed the following proposals questionable:

2002-4-069: B.S. in Computer Science

2002-4-136: B.S.Ed. in Secondary Education Communication Arts

2002-4-138: B.S.Ed. in Secondary Education English

2002-4-142: B.S.Ed. in Secondary Music Education

J. Beal mentioned that all of these proposals were questionable because of the movement of program requirements to the general education categories. He inquired as to the time frame for departments to move these requirements out of general education. S. Traynor replied that departments have one year from now to make the changes recommended by the Committee on General Education.

J. Phillips deemed the following proposals questionable:

2002-4-044: B.A. in Anthropology

2002-4-049: B.A. in Art

2002-4-052: B.A. in Biology

2002-4-073: B.A. in English

2002-4-082: B.A. in History

2002-4-126: B.A. in Economics
All remaining proposals were voted upon for approval. The following proposals were approved with a unanimous vote: Action numbers 2002-4-043, 2002-4-045 through 2002-4-048, 2002-4-050 through 2002-4-051, 2002-4-053 through 068, 2002-4-070 through 2002-4-072, 2002-4-074 through 2002-4-081, 2002-4-083 through 2002-4-125, 2002-4-127 through 2002-4-135, 2002-4-137, 2002-4-139 through 202-4-141, 2002-4-143 through 2002-4-168.

* Proposal Discussion and Vote *

2002-4-069: B.S. in Computer Science. J. Beal stated that clarification was needed to approve this proposal. He stated that, although this department is briefly changing their math requirements, for the record, these courses will be included back into the major requirements. He stated that a follow-up to this proposal will be presented in the spring 2003 semester.

2002-4-069: B.S. in Computer Science was voted upon and unanimously approved.

J. Beal stated that proposals 2002-4-136, 2002-4-138, and 2002-4-142 were all questionable for a common reason. These proposals place program requirements into the general education categories. Again, he confirmed that there is a one-year time frame for some of these degree requirement revisions.

2002-4-136: B.S.Ed. in Secondary Education Communication Arts was voted upon and unanimously passed.

2002-4-138: B.S.Ed. in Secondary Education English was voted upon and unanimously passed.

2002-4-142: B.S.Ed. in Secondary Education Music was voted upon and unanimously passed.

J. Phillips stated that he had a common objection to the proposals that he asked to be considered. He is in objection to proposals that place foreign language courses to what he deems inappropriate categories, and that these proposed changes present potential problems with other departments. He also objected to the placement of these foreign language courses under I-C (Liberal Skills Electives). He continued that he feels unconvinced by the rationales provided, and uncomfortable with the precedent that this action presents for all programs that with the B.A. degree.

There was much discussion in regard to these issues. Comments included the possibility of damage to humanities departments, the viability of B.A. degrees that use a foreign language as a humanities requirement, and the potential for removing a student's rationale for studying a foreign language. Nell Ter Horst provided a rationale for these curricular changes, stating that they are being proposed for practical considerations, will benefit students who are majoring in the humanities, and are intended to strengthen academic departments.

Nell Ter Horst suggested that the general education requirements need to be rethought in light of this 120-credit mandate as there are many things that need to be discussed. She suggested that a broader discussion might be scheduled in the near future.
2002-4-044: B.A. in Anthropology was voted upon and passed 19-2-2.

2002-4-049: B.A. in Art was voted upon and passed 19-2-2.

2002-4-052: B.A. in Biology was voted upon and passed 19-2-2.

2002-4-073: B.A. in English was voted upon and passed 19-2-2.

2002-4-082: B.A. in History was voted upon and passed 19-2-2.

2002-4-126: B.A. in Economics was voted upon and passed 19-2-2.

H. Savage suggested that Senate consider asking the Council on General Education to provide some diagnostic assessment of the impact of the 120-credit changes to academic programs. S. Traynor commented that the timing of this request might be premature, and that more time is necessary to witness the ramifications of a cycle. She concluded that the assessment would not be data, but emotionally, driven. S. Hilton commented that requesting this assessment is possible as Clarion University has a Council on General Education whose function is to look at some of these issues. She concluded that this issue should be constantly revisited so that the ongoing process will remain vital.

* Additional New Business *

CCPS (S. Traynor) presented three curricular action read-ins. These were for ED 538 (2002-4-169), ED 410/510 (2002-4-170), and REHB 586 (2002-4-171). S. Traynor confirmed that courses electing to be offered distance education must also be approved through CCPS.

Two courses were presented for Senate vote:

PHIL 415: Biomedical Ethics, with an addition of a W flag. (2002-4-172). This proposal passed unanimously.

PSY 364: Techniques in Interviewing and Casework, with the addition of a W flag (2002-4-173). This proposal passed unanimously.

S. Traynor acknowledged and praised Eric Pollock, an Information Systems major at Clarion University, for his work with the organization of CCPS proposals.

VI. Committee Reports

A. CCPS – S. Traynor

No report

B. CCR – H. Savage
H. Savage reported that two members (B. Dunn, M.J. Reef) will be on sabbatical during the spring 2003 semester. Their replacements on Senate will be Diana Anderson-Brush and Kevin Yenerall. She stated that this revised list of spring 2003 Senators will be distributed via e-mail attachment.

C. Academic Standards – J. Phillips

J. Phillips reported that Academic Standards met on Friday, November 22, 2002. Committee members discussed the letter that is distributed to students on academic suspension. The committee observed no need for major changes to this letter. Their changes primarily suggested documentation that students should bring to the hearings. The committee also perused sample suspension files in order to acquaint themselves with the process. The date for the spring Academic Suspension hearings will be January 15, 2003.

D. Budget – B. Sweet

B. Sweet met with Paul Bylaska on November 19, 2002, where he clarified items from the Budget Committee meeting with P. Bylaska on November 12, 2002. The committee is currently working from a list of approximately eleven items. He also reported that PRAAC will be meeting again in January, 2003.

E. Faculty Affairs – J. Knepper

J. Knepper reported that the Faculty Affairs Committee met on November 14, 2002, and determined three future goals. These are 1) locating a facility on campus for faculty to congregate, 2) pursuing recognition for faculty years of service, and 3) creating a relationship between the Honors Program and Faculty Forum in order to share scholarship.

F. Student Affairs – J. Heard

Student Affairs will be meeting soon to discuss revisions in the Clarion University Student Handbook. The Student Activities Subcommittee will be meeting on Friday, December 6, 2002 to discuss the applications for "Who's Who." It was stated that only students within a specific QPA receive these applications.

G. Institutional Resources – M. McConnell

The Facilities Planning Committee met on November 19, 2002. Their meeting topics included the Clarion University Foundation purchase of land on Greenville Avenue. He mentioned that this purchase might develop into apartment-style housing on 69 acres of land. Included in this will be twenty faculty apartments with a 1-3 year lease. There have been bids for the design and construction of these properties, and it is hoped that a final decision will be determined in January/February 2003. It was stated that tax obligations for this property were not discussed.

H. Venango – C. Zidek
C. Zidek commented on Venango's recent participation in the Light Up Franklin Night (11/23). Venango Campus will also have high community visibility at the Christmas Past (Oil City, 12/6). The next meeting of the Venango Faculty Forum will be held on December 12, 2002.

I. APSCUF – S. Kuehn

No Report.

VII. Old Business

No Old Business was discussed.

IX. Adjournment

S. Hilton reminded Senators that there are several important topics must be discussed in the spring 2003 semester. She also gave a reminder that all of the minutes for the fall 2002 semester (with the exception of today's meeting) are currently posted on the Web.

M. McConnell moved and D. Anderson-Brush seconded the move to adjourn. Faculty Senate adjourned at 4:45 p.m.

Respectfully submitted,

P. Brent Register

Secretary, Faculty Senate
The Faculty Senate met on Monday, January 22, 2001 at 3:35 P.M. in Room B-8, Hart Chapel. S. Kuehn chaired, with the following Senators present: Paula Amrod, Barrie Brancato, W. Buchanan, E. Caropreso, C. Clary, W. English, P. Gent, R. Leary, S. McBride, J. McCullough, E. MacDaniel, M. Parker, D. Poljanec, S. Prezzano, L. Quesenberry, B. Register, Halley Savage, G. Xu. Also present were President D. Reinhard, and Student representative A. Barnes

I. Call to Order

Chair Scott Kuehn called the meeting to order at 3:35 PM. Michael McConnell moved to accept the minutes and E. MacDaniel seconded. The minutes were modified by adding Tony Johns and John McCullough to those attending the last meeting. The CCPS circulation deadline corrected to read Thursday, February 15.

II. Announcements

Kuehn announced the sad news that Denny Hilton, husband of Senator Susan Hilton, died Sunday afternoon. The Chair welcomed back George Xu, Susan McBride, Brent Register. Tony Johns will substitute for Herb Luthin who has a schedule conflict. Since the last senate meeting S. Kuehn wrote the faculty response to the proposed Venango reorganization. The response was sent to Faculty Policy and will be sent to Senate in the next few days. The response was based on policy’s meeting with President Reinhard, and responses on the Venango discussion web page. Kuehn hopes to set up another ITV meeting with Venango faculty in the near future. Anand Rao, Vice Chair of Faculty Senate, will run the faculty senate meeting next time.

III. New Business

No new business

IV. President’s Report

Dr. Reinhard announced that enrollment final figures are not in, but preliminary results are encouraging. The university was able to maintain the Fall 2.7% increase. Indications are that there is a 3.2% increase in student enrollment over last Spring. One event that assisted in enrollment was moving the Spring orientation and registration of new students to the Sunday and Monday before classes. Based on this increased enrollment, Provost Grunenwald will likely put more money into Faculty development funds. The Provost’s office plans to release $30,000 in grant funds for the university at large and $15,000 for the colleges.

Members of the Knights Collaborative Roundtable met November 21 to review grants received for the Strategic Initiative program. A total of $200,000 is available. The committee received 19 grants for a total of $350,000,000. Six of the 19 were approved for a total of $38,872. One grant, that needed clarification, was resubmitted and was also funded. Total funds for approved grants is $51,597. On December 18 of the President’s Executive Council approved these grants and award letters were sent out.

Administration held a series of meetings on Venango Campus restructuring. Dr. Reinhard thanked Senate members for their thoughtful responses. Other contributors to the discussion included the Dean’s Council and APSCUF. Drafts of the Venango proposal will be disseminated in 2-3 weeks. Dr. Reinhard commented that the joint Venango/Clarion campus Senate meeting emphasized the need to continue to build bridges between the campuses.

Discussions on the President’s report focused on the nature of faculty development and the procedure for the Strategic Planning grants. George Xu asked how information was disseminated in terms of the faculty development grants. Dr. Reinhard indicated that Brenda Dede heads the grant staff and is reviewing policies and procedures. Hallie Savage asked if Strategic Planning grants were sent elsewhere for review could the grant be resubmitted. Dr. Reinhard indicated that each grantee would know the fate of their grant and could resubmit. Ralph Leary commented on the amount of grant activity. He asked if the State System and/or Clarion had a formal procedure in place to collect statistics on the amount of faculty activity. He asked if there were methods to measure faculty productivity other than student numbers. Dr. Reinhard commented that the Board of Governors was interested in grants brought in and that grants formed part of an individual faculty’s evaluation for promotion. She asserted that the Board would be impressed by all the grant activity on campus. In particular, the State System
funded two Program Initiative grants, specifically a $200,000 to the Library Science Department for the development of web-based courses at the graduate level and a $100,000 grant to the Nursing program to expand the nurse practitioner program.

R.. Leary believed these measurements to be too anecdotal and that the Performance and Outcomes Plan (POP) measurements were loaded toward viewing faculty productivity in terms of teaching large classes.

Dr Reinhard informed the Senate that at the last Board of Governors meeting Chancellor McCormick indicated he will leave June 30 after many years of service. It is unclear if there would be a national search for his replacement.

V. Student’s Senate Report

Andrew Barnes issued no report. He welcomed the returning senators.

VI. Committee Reports

a. CCPS: Elizabeth MacDaniel provided the date--Feb 5-- for Special or Experimental topics for summer and fall. The circulation deadline for major curricular changes is Feb 15. She will help faculty members determine if their course changes are major or minor. S. Kuehn commented that all of the course descriptions will be retooled. Elizabeth MacDaniel asserted that minor changes in the description would go to CCPS by March 30. Some more substantive changes may be submitted in the fall. Kuehn related that the Policy Committee recommended that department and Catalogue committees use a template to format their submissions to CCPS.

b. CCR: No report

c. Academic Standards:

The Academic Standards Committee held suspension hearings on Thursday, January 11th. Of the approximately 109 students suspended at the end of the Fall 2000 semester, 45 first-time suspended students appealed their suspension. An additional five students appealed their second suspension. The committee upheld 35 of the appealed suspensions and rescinded 15. Of the 35 upheld by the Standards committee, 9 were rescinded by the office of Academic Affairs based on new evidence or extenuating circumstances. These are as follows:

- Accepted by EOP: 2 Students
- Accepted by Empowerment Program: 1 Student
- Grade change: 2 Students
- Learning disability: 1 Student
- Extenuating circumstances: 3 Students

The committee identified a potential problem contributing to suspension. Several suspended students took courses totaling more than 15 credits while on probation the previous semester. University policy is that students on probation should not take more than 15 hours. Several means of addressing this problem are being pursued, including changing the text in the university catalogue.

d. Budget:

LeGene Quesenberry reported that faculty resources were limited. She indicated that the average salary of business faculty members at Clarion was 17.8% lower than the national average. The heavy advising load, lack of time and effort for research, small offices, and lack of current software constrain faculty development. The Clarion Call to Action (POP) suggests that the faculty obtain grant money from outside sources. However, when the General Education committee submitted a FIPSE grant, the reviewers commented that it was an “exercise of futility” for Clarion faculty to work on grants because of 12-hour teaching load.

e. Faculty Affairs Barrie Brancato informed Senate that there is a meeting at noon on Wednesday at the University center to discuss the naming of Faculty Center. Brancato suggested postponing the naming until library plans for naming a room after the late Dr. John Kuhn are finalized. The next mentorship meeting is February 14.
f. Institutional: No report

g. Student Affairs: Hallie Savage shared the results of the campus-wide search for USA academic team nomination. This is a nationally competitive program that is looking for students with leadership skills and an outstanding academic record. She presented the list of students who were nominated. These are Angie Binick and Allison Danko.

h. Venango The Venango campus had a welcome back meeting on Friday. At this meeting, Audean Duespohl mentioned the restructuring process. She commended Scott for the document written by him and Faculty Senate. The first Faculty Forum is February 2

i. Middle States Review

Work on the Middle States Review will continue this semester. The web site for Middle States is http://www.clarion.edu/academics/middlestates/index.htm

The following documents are on the WEB: Steering committee members, task force, facilities being used to generate report, charges that the task force were given, Time table, and outline of the self study. One half of task force has submitted written reports. There will be public hearings for reports. The schedule is as follows: February 16 at noon for faculty and catalogues; February 16 at 3:00 PM for university organization and institutional integrity; February 19 10 AM for facilities and university mission; and, February 20 at 10 AM for educational programs and students. The final report will be posted on the web.

Old Business: No old business

New Business:

Mike McConnell moved to have the Faculty Senate send flowers to Dennis Hilton’s funeral, Pamela Gent seconded. The motion carried.

Adjournment

William Buchanan moved to adjourn the meeting and Susan McBride seconded. Meeting adjourned at 4:43 PM.

Enid Dennis Faculty Senate Meeting Room

The Faculty Senate met on Monday, February 5, 2001 at 3:30 P.M. in the Enid Dennis Faculty Senate Meeting Room. A. Rao chaired with the following Senators present: P. Amrod, B. Brancato, G. Clary, P. Gent, S. Hilton, F. Keen, S. McBride, E. MacDaniel, M. McConnell, M. Parker, S. Prezzano, L. Quesenberry, R. Leary, B. Register,
H. Savage. Also present was President Diane Reinhard and Student Senate Representative A. Barnes. Dean Howard McGinn was present as a guest.

I. Call to Order

A. Rao called the meeting to order at 3:33 p.m.

II Approval of the Minutes

M. McConnell moved to approve the minutes, and P. Gent seconded. Corrections were made to

III. Announcements

T. Johns will not be able to attend senate meetings this semester due to a schedule conflict. Those faculty members who received a survey from the Board of Student Government Presidents are asked to turn them in to Student Senator A. Barnes or send to B. Sowa, Student Senate President. L. Quesenberry announced that Senators are invited to attend the Empirical Foundations for Program Assessment program, an on-campus program helping with developing assessment tools. The workshop is March 2, from 8am until 4pm. Pre-registration is required.

IV. President's Report-- D. Reinhard

Dr. Reinhard announced that the state budget will be announced Feb. 6. The expectation is that there will be a 2-3 percent increase, although with the limited surpluses, it may be less than hoped. The search committee for the Chancellor will have representatives of various constituent groups including students, faculty and administrators. Dr. Reinhard has been selected by her peers to represent university presidents. The presidential review document has been made public and senators may review it if they wish. Changes include the timing of the review, which has been moved back into the spring semester, and the closer ties made with performance measures. By June 7, our updated POP must be submitted. This will include a review of how well the university has done to meet these goals so far, and what additional issues or goals should be included. Dr. Reinhard suggested that Senate set aside some time to address what areas we believe should be included. By May 11 the Council of Trustees should have the presidential review, and then it goes on to the Board of Governors. The Human Resource Committee of the Board of Governors looks at each president in depth, so this process is more extensive than it has been in the past.

V. Student Senate Report-- Andrew Barnes

The Appropriations committee is gearing up for its work at the end of February. There are a couple of new clubs seeking recognition. There is a BSGP meeting coming soon. There has been a proposal that all recognized student organizations offer at least one activity on the weekend, as a means of offering alcohol-free alternate student activity. This proposal is now on the President’ desk.

VI. Committee Reports

A. CCPS--E. MacDaniel

The circulation deadline is February 15 for new courses, program revisions, and changes in requirements, substantive revisions of existing courses. It must be received by the circulation list by that date. Copies that go to Venango Campus should probably go through US mail.

B. CCR--A. Rao

Jim Kole had been nominated for the Professional Development Committee, in error. His name has been removed, and the name of Basil Martin will be submitted as a representative to the committee. This change is to correct the required composition of that committee.
C. Academic Standards--S. Prezzano

A letter was written to the Provost outlining the concerns the committee has about students who are under probation taking 18 credit hours.

D. Budget--L. Quesenberry

No report.

E. Faculty Affairs--B. Brancato

There is concern about the limited use of the Faculty Center. This group will try to develop some promotional material and efforts about how to encourage faculty to use this Center.

Dr. Reinhard also encouraged faculty to use the facility in order to preserve it, and she also urged faculty to encourage students to ride the bus.

The final Faculty Mentor dinner will be held Feb. 14. Speakers will be Dr. Brenda Dede, who will speak about travel, and A. Rao, who will speak about professional development. Dr. Bob Balough will also speak following dinner demonstrating webpages.

F. Institutional Resources--A. Rao in place of B. Buchanan

A. Rao distributed a copy of the minutes of the University Facilities Planning Committee. B. Buchanan will answer any questions at the next Senate meeting.

G. Student Affairs--H. Savage

Academic convocation will be held in a different manner. Surveys indicate that students would like individual recognition. Students in attendance will have a card that will be used during the ceremony so that their names can be announced. Gifts or some other item will also be given. There will be a reception in Moore Hall. Senators are encouraged to attend and support this event. It is probably being scheduled for the end of the semester somewhere, possibly the end of the regular semester.

Student Affairs committee and the subcommittee of the student senate have had difficulty meeting regularly. An investigation will take place to examine the mission of the subcommittee and a meeting with students has been set up.

Dean McGinn was introduced as a guest invited by H. Savage, and a joint memo providing information about the establishment of a university chapter of Phi Kappa Phi. Dean McGinn has explored the possibility of developing a chapter here, and he came to Senate seeking endorsement. He reviewed the benefits of such membership, especially pointing out that Phi Kappa Phi is multidisciplinary. There was some discussion about how Faculty Senate could take any action on this proposal.

H. Venango--S. McBride

No report.

I. Middle States - R. Leary

Final reports from the various task forces are being completed, and will eventually be consolidated into one large self-study report.

VII. Old Business
No old business.

**VIII. New Business**

H. Savage moved that Faculty Senate endorse a feasibility study for the establishment of a chapter of Phi Kappa Phi at Clarion University. B. MacDaniel seconded. This study will examine if Clarion has sufficient previous members to host a chapter and if Clarion meets all of the other institutional requirements. There was also discussion about funding. The feasibility study should also examine the required GPA that would be required to permit membership (upper 5% for second semester juniors; 10% of seniors.) The motion carried.

A. Rao moved that Basil Martin be named as a member of the University Wide Faculty Professional Development as a means of correcting the composition of this committee. This recommendation came from committee. This motion carried.

Read-ins were distributed by E. MacDaniel, chair of CCPS. These include SCT 102 change in credit hours. There were three corrections to the minutes of Fall 2000. There were two course numbers, changing Eng 360 to Eng 361, and PS 301 to PS 302. Also, the W flag given to RE 470 should have been given to RE 471.

There is also a resolution proposed by E. MacDaniel, but not representing CCPS. This resolution is as follows:

Resolved: Faculty Senate believes that in compliance with the spirit of CCPS guidelines every faculty member should be shown the proposed changes to their department's course descriptions and that all faculty should recognize that these changes are voluntary and must originate from their department.

This proposal was seconded by L. Quesenberry. It is expected that this resolution should be posted on the ALL list. Dr. Reinhard suggested that this resolution should go through a more formal process, especially to preserve it, by sending it directly to the President as a formal resolution. There may be some collective bargaining implications with the course description writing process. There followed some discussion about how this process works and the concerns that Senate has about the rights of each faculty member to review the changes in course descriptions. It is possible for us to submit this as a formal resolution and to also give faculty members notice that this procedure is underway and faculty should be aware of it. S. Prezzano mentioned that there is an already established procedure in Senate for making a formal resolution.

R. Leary moved that this resolution be made as a formal resolution. This resolution passed unanimously.

There was a question from M. Parker about a possible error in the read-ins and this was identified as an error in a course number.

**X. Adjournment**

R. Leary moved to adjourn, and L. Quesenberry seconded. Senate adjourned at 4:48p.m.

Respectfully submitted,

Susan Hilton

Faculty Senate Secretary
The Faculty Senate met on Monday, February 19, 2001 at 3:30 P.M. in the Enid Dennis Faculty Senate Meeting Room. S. Kuehn chaired with the following Senators present: P. Amrod, G. Clary, P. Gent, S. Hilton, F. Keen, S. McBride, E. MacDaniel, M. McConnell, M. Parker, D. Poljanec, S. Prezzano, L. Quesenberry, R. Leary, B. Register, H. Savage. Also present was President Diane Reinhard, Associate Provost Rachelle Karp, and Student Senate Representative A. Barnes.

I. Call to Order

S. Kuehn called the meeting to order at 3:35 p.m.

II Approval of the Minutes

M. McConnell moved to approve the minutes of the previous meeting, February 15, and E. MacDaniel seconded. Corrections were made, including the addition of the date in the heading, and the statement clarifying the editorial corrections that were made to the minutes of January 22, 2001. Also, the Assessment Conference announcement indicated that pre-registration was required. However, participants may register at the door; however, the conference may not be held unless sufficient numbers of faculty have pre-registered. Minutes were approved.

III. Announcements

S. Kuehn has received notification from the chair of the Clarion Trustees that the presidential evaluation would take place sometime in April. There is an Ad Hoc committee set up through the Policy Committee to establish procedures that will be proposed to President Reinhard. Any Senator who would like to serve on this committee is asked to contact S. Kuehn.

A. Rao announced that following the second show on Wednesday evening of the Vagina Monologues there will be an open discussion with the organizers at Hart Chapel. There will be an open mike to allow for questions of the cast and the director.

IV. President's Report-- D. Reinhard

Dr. Reinhard distributed a copy of the resolution sent via A. Rao concerning the catalog course description changes, and the corresponding memo from the Provost to the Department Chairs explaining the position of the administration on this issue.

A university student has been identified as the person alleged to have held up the National City Bank last week. The university is cooperating with the law enforcement agencies working on the case, outside of the legal parameters set out by the Buckley amendment. The roommate of this student has been closed out of the room, but arrangements have been made to accommodate the needs of that student. Dr. Reinhard discussed the position of the university concerning the rights of students who may have been involved in illegal activity and/or charged with criminal activity. The role of the Student Conduct Board was also discussed. Also the press coverage that this event will
receive was discussed.

August Wilson has agreed to be a recipient of an honorary degree. Dr. Reinhard will attempt to organize a symposium or other means through which the faculty and students could meet with him and spend some time discussing his work.

V. Student Senate Report-- Andrew Barnes

The Board of Student Government Presidents met recently, discussing issues such as campus safety, student alcohol use, and other relevant issues. UAB sold out Toby Keith concert and had a good event. The allocation committee voted to place a TV put outside the offices of the student organizations. Advocacy Day will be March 7 in Harrisburg, and Clarion students will be participating. There is concern on the part of Student Senate about the fact that there will be a Foundation event held at Recreation Center, the Spring for Scholars auction, which will include alcohol. Dr. Reinhard clarified that the students do not own the Recreation Center in the same way that they own the bookstore. Also this event models appropriate and moderate use of alcohol, according to President Reinhard. This event raises around $50,000 for student scholarships. There is no other venue for this event, nor will students be on campus during this event, as it will occur during winter break. The Task Force on Alcohol Use with students has been discussing this event. Dr. Reinhard will meet with Student Senate this evening to talk with them about the event. Student Senator A. Barnes indicated that while he agrees with the decision of the President, he did want to bring this concern to the Faculty Senate.

Student Senate has recently recognized the Barbell Club, which also attends tournaments and has recently raised $1500 for Toy for Tots. This group will also host the national championships.

VI. Committee Reports

A. CCPS--E. MacDaniel

E. MacDaniel announced that several items that would be addressed during new business. She has received questions about how to submit catalog revision changes to CCPS. Each catalog description must be a separate proposal to CCPS. Every single change must have a separate cover sheet with 10 copies to E. MacDaniel. On the cover sheet must be the course number and title, the old description and the new description with changes underlined and the things deleted in brackets. S. Kuehn will place the template for the CCPS cover sheet on the Faculty Senate web site where anyone can get it. It was decided that there should be an announcement to ALL to explain this procedure to everyone. There is no deadline; however, the sooner these submissions are received, the more likely that the process can be completed before the end of the semester. E. MacDaniel encouraged everyone to make certain that submissions are complete.

B. CCR--A. Rao

T. Johns will not be able to attend Senate meetings the remainder of the semester. J. Dugan has been asked to serve as a substitute and will be able to attend senate meetings following the break.

C. Academic Standards--S. Prezzano

This committee is interesting in learning about the eventual outcome for students who have been on academic suspension. To this end, they will be examining records from the past ten years of students on academic suspension to determine what happens to them and what might be done to improve their chances of success.

D. Budget--L. Quesenberry

No report.

E. Faculty Affairs--B. Brancato

No report.
F. Institutional Resources--B. Buchanan

No report.

G. Student Affairs--H. Savage

H. Savage announced that various subcommittees will be meeting this week, including the Academic Convocation committees.

H. Venango--S. McBride

No report.

I. Middle States - R. Leary

The final task force hearing will be held Tuesday, and the final reports will be coming in over the next few days. The Middle State Steering Committee will meet this coming week.

VII. Old Business

No old business.

VIII. New Business

CCPS read-ins were distributed. These included special topic proposals, experimental course proposals and one general education recommendation. There is concern with the prefix MED; mathematics has requested the use of this prefix remain. It was determined that the prefix MAED may be substituted pending discussion. The General Education recommendation is that PSY 331 be given a W flag.

E. MacDaniel moved that the action numbers of the course proposals from last semester be changed to conform with the action number style, which indicates the year, the semester and the actual number of the change. It is possible that the numbering system may require four digits for the number of changes called for in the course description changes. R. Leary seconded, and the motion passed.

X. Adjournment

D. Poljanec moved to adjourn, and E. MacDaniel seconded. Senate adjourned at 4:35 p.m.

Enid Dennis Faculty Senate Meeting Room

The Faculty Senate met on Monday, March 26, 2001 at 3:30 P.M. in the Enid Dennis Faculty Senate Meeting Room. S. Kuehn chaired with the following Senators present: P. Amrod, B. Brancato, J. Dugan, G. Clary, P. Gent, S. Hilton, F. Keen, S. McBride, E. MacDaniel, John McCollough, M. McConnell, D. Poljanec, S. Prezzano, R. Leary, B. Register. Also present was Student Senate Representative A. Barnes.

I. Call to Order

S. Kuehn called the meeting to order at 3:34 p.m.

II. Approval of the Minutes

R. Leary moved to approve the minutes of the March 12 meeting, and M. McConnell seconded. Minutes were approved with the correction of the spelling of Mr. Beal to Mr. Beel.

III. Announcements

S. Kuehn introduced the problems that were occurring with the catalog revision procedures as they relate to CCPS. E. MacDaniel indicated that only four departments had submitted their materials. Some of these problems included incompatibility in the software, and the time crunch that will occur as the semester comes to a close. Some of the submissions have been incorrectly or incompletely prepared, and must be returned to the department for revision. E. MacDaniel encouraged Senators to assist their departments in submitting materials quickly and properly. She also indicated that those materials that come in following the spring break may not make it through CCPS this semester. There was some discussion about the time frame for the completion of the material for the catalog deadline.

Candidates for VP for Finance and Administration are having lunch with interested faculty, and Senators are encouraged to attend. These are March 28, at Moore Hall at noon, and two others in April. Reservations can be made with Ann Jamison.

IV. President's Report-- D. Reinhard

No report. Both the Provost and the President were meeting with Senator Peterson.

V. Student Senate Report-- Andrew Barnes

A. Barnes reported that the President never signed off on the athletic enrichment fee which is not a legal activity. The candidates for Student Senate were scheduled to meet March 26 at 6:15, and the open forum will be held on Wednesday, March 28, in Pierce Hall. Elections will be next Wednesday through Sunday. There are 40 candidates running for the 25 available seats.

Appropriations were made to Anthropology Club, The Call, The Political Science Association, Interhall Council, and the Association of Graduate Business to attend conferences. CSA also received money for computers and software.

Brian Sowa is exploring the possibility of combining the Board of Directors of the Student Associations with the Executive Board of Student Senate.

VI. Committee Reports
A. CCPS--E. MacDaniel

The CCPS Open Hearing will be held Tuesday, April 3, 4-6 pm in 209 Davis Hall. The agenda has been distributed. All departments with circulated proposals will be notified of this hearing.

B. CCR--A. Rao

There has been a problem locating a complete list of those faculty and staff members who are eligible to be nominated for Faculty Senate. This list was finally prepared on Friday, March 23, and should be distributed to the university community by Wednesday. A. Rao needs Senators to sign up to work at the ballot tables on both the day of the primary (April 5) and the actual election (April 19), both of which will take place in Gemmell. Absentee ballots must be submitted prior to these dates according to the instructions that will be distributed.

C. Academic Standards--S. Prezzano

Office of Academic Affairs is compiling a list of data over the past ten years to trace the performance of students who had been placed on academic probation.

D. Budget--L. Quesenberry

No report.

E. Faculty Affairs--B. Brancato

The Retirement reception will be held May 9, beginning at Hart Chapel at 4pm and then moving to Moore Hall for refreshments. S. Kuehn asked B. Brancato to invite members of APSCURF to this event.

The Mentorship Series has been successfully completed, and B. Brancato asked for any suggestions about improvements that might be implemented in this series next year.

F. Institutional Resources--B. Buchanan

The Facilities Planning Committee met last week and discussed the need to update the master plan. There are several buildings that need review, along with property acquisition planning. There may be a consultant hired to update the original master plan. There was discussion at this meeting about recycling. Also, a schedule is being developed concerning the restructuring of the library materials.

The Traveling Vietnam War Memorial will be installed on campus in July for a time.

There was some discussion about the role of consultants in the master planning of the university facilities, and the process that was undertaken with the previous consultation work.

G. Student Affairs--H. Savage

No report.

H. Venango--S. McBride

On March 30 will be a faculty forum meeting, the meeting at which the Provost is scheduled to discuss the restructuring plan. S. McBride indicated that the proposal should have been in the hands of the faculty there two weeks prior to this meeting. The Provost responded to Dean Duespohl that the proposal will be submitted to faculty on Thursday evening in anticipation of Friday morning’s meeting.

I. Middle States - R. Leary

All final reports are in except for two. Five were examined by the Middle States Steering Committee at its most
recent gathering, and it appears that the materials are complete. The final two will be considered at a meeting in April. There will be a meeting in the fall with the head of the Middle States Evaluation team, at which time the report will be completed. The visitation is scheduled for the spring of 2002.

VII. Old Business

No old business.

VIII. New Business

E. MacDaniel reviewed the CCPS read-ins; these included: a correction in course title; changes in prerequisites; changes in frequency, credits and descriptions; and General Education proposals including the recommendations of flags being attached to three courses, the deletion of a course, and the acceptance of courses from Social Work and Women’s Studies in IIB in General Education.

Proposals to grant flags to three courses were passed unanimously.

There was some discussion about the wholesale placement of the courses in Women’s Studies in IIB. There were some questions about the reasons that the courses, which are often cross-listed, qualifying as social science courses. It was proposed that the question about its course proposals

It was passed unanimously to place the Social Work courses in IIB in the General Education section of student audit.

It was moved by R. Leary and seconded by D. Poljanec to table the question about the placement of Women’s Studies courses until some clarification and discussion of its placement be completed. It was proposed that courses which are cross-listed could be placed in the area of the specific discipline, allowing for more flexibility in the electing of these courses by students, especially those seeking a minor.

The course deletion of ECH 324: Math Learning Experiences is being done through the sunset regulation.

There was some discussion concerning the easiest and most reasonable way for E. MacDaniel to distribute to faculty Senators or make available for those who would like to review it all of the CCPS read-ins that will be generated by the course descriptions. Senators agreed that it would be more reasonable to make arrangements for this material to be available through the Faculty Senate office.

X. Adjournment

E. MacDaniel moved to adjourn, and F. Keen seconded. Senate adjourned at 4:45 p.m.

Respectfully submitted,

Susan Hilton

Faculty Senate Secretary

Enid Dennis Faculty Senate Meeting Room

The Faculty Senate met on Monday, April 9, 2001 at 3:30 P.M. in the Enid Dennis Faculty Senate Meeting Room. S. Kuehn chaired with the following Senators present: P. Amrod, B. Brancato, G. Clary, P. Gent, S. Hilton, F. Keen, S. McBride, E. MacDaniel, M. Parker, D. Poljanec, S. Prezzano, L. Quesenberry, R. Leary, A. Rao, B. Register, H. Savage. Also present were President Diane Reinhard and Student Senate Representative A. Barnes. Guests present were V. Spina and E. Ter Horst.

I. Call to Order

S. Kuehn called the meeting to order at 3:34 p.m.

II Approval of the Minutes

D. Poljanec moved to approve the minutes of the meeting of March 26, and P. Gent seconded. Minutes were approved.

III. Announcements

S. Kuehn indicated that under new business, there would be an executive session to consider the Presidential Evaluation and discussion about the Venango Campus reorganization plan.

IV. President's Report-- D. Reinhard

Dr. Reinhard indicated that POP plan reporting will be gathered over the next week or two. Those groups, departments or other organizations on campus that received funding would be asked to indicate progress. Additional planning and input from faculty will be gathered to help for further planning as the POP is a three-year planning process. June 7 is due date for next year’s POP proposals, In July there will be information from the Board of Governors about how the plans are progressing, and final reports are due. Update of the POP will be required.

Funding help for CCPS copying costs may be available through each department’s Dean’s offices. The student web is now available and Senators are encouraged to look at this service.

Dr. Reinhard also praised the recent Women’s Conference, which was held over the past weekend.

V. Student Senate Report-- Andrew Barnes

Student Senate will be examining alternate means for the athletic fee to be administered. In the recent elections, there were 40 students running for senate, and a large number of students on campus voted.

It was moved by H. Savage and seconded by A. Rao to move New Business to this place in the agenda, in order to accommodate visitors and those who would be attending the Honors Presentations.

VI. New Business

CCPS - E. MacDaniel presented three minor curricular changes as read-ins, including changes in course title and description, change in credits, and change in prerequisite. It was determined that the currently tabled recommendation about the placement of WS courses should continue to sit on the table until CCPS has made its determination.
A. Rao - There was dissent to Biology’s proposal to modify changes to the B.A. degree, presented by Dr. Vince Spina, who distributed a brief summary for Senators to review prior to the Senate meeting scheduled for April 30, at which time this issue will be decided. The Biology Department’s proposal includes a non-quantitative substitution for the language requirement for the B.A. degree.

Venango Campus Restructuring Plan - There have been many comments made concerning the plan, including e-mail postings, expressing concerns over the organization plan. Several Senators commented that there are classes offered at Venango Campus that are also offered at the Clarion campus, but under the new plan these offerings would be out of two separate departments. It appears that under this plan, the programs at Venango campus would be offered almost exclusively by one person whose responsibility would be the courses at Venango; this faculty member would belong to a different department. Additional concerns were expressed in discussion, such as faculty evaluation, and isolation for faculty who may be cut from their discipline-based departments. A. Rao indicated that the timeframe seems to be pushing adoption of a plan without adequate opportunity for discussion and resolution of uncertainties. Dr. Reinhard assured the senators that the administration will listen to the comments of all who respond to the plan. It was proposed that this plan might be appropriate for the nursing program, while it may not work as well for other departments and disciplines. S. McBride indicated that the Nursing faculty are concerned about the connection the program has with students, faculty and facilities at the West Penn site, and also about having both a director and a dean.

There was discussion about the timeline and the implementation date for this plan. Dr. Reinhard encouraged everyone to put the concerns, suggestions and questions in writing. The Senate was asked to select the most salient issues that should be addressed in the implementation plan. S. McBride indicated that the plan does contain several positive changes that will benefit Venango in clear ways, and she hoped that these good things do not get lost in any modification of the plan.

A. Rao distributed a written resolution:

Resolved: Faculty Senate expresses grave concern over the administration of the preparation, consideration and presentation of the POP and Venango Reorganization Plans. Faculty Senate urges the University administration to provide faculty with a greater input role, including adequate time for consideration of administration proposals.

The resolution was seconded by S. McBride. She also expressed great concern about the time pressure she and the Venango faculty feel, and the very limited amount of time the faculty have been given to respond to this plan. Discussion continued, including a brief description by Dr. Reinhard about the external pressures on the university and the failure of the State System and the Board of Governors to require planning that is in conflict with a regular academic schedule.

There was discussion about the composition of the resolution. D. Poljanec moved that mention of the POP be removed from the resolution. E. MacDaniel seconded. The resolution now reads:

Resolved: Faculty Senate expresses grave concern over the preparation, consideration and presentation of the Venango Reorganization Plan. Faculty Senate urges the University administration to provide faculty with a greater input role, including adequate time for consideration of this administration proposal.

The procedure for submitting a resolution is to make it a formal document presented to the Office of the President. There was discussion about the means through which communication with the entire faculty will take place.

D. Poljanec moved and S. Prezzano moved to make an editing change. This was to remove the words “the administration of” from the first sentence of the resolution. The resolution adopted by the Faculty Senate reads:

Resolved: Faculty Senate expresses grave concern over the preparation, consideration and presentation of the Venango Reorganization Plan. Faculty Senate urges the University administration to provide faculty with a greater input role, including adequate time for consideration of this administration proposal.
This resolution was approved.

R. Leary proposed that discussion about how to proceed. Three points were proposed:

- How are the faculty at Venango reacting to this proposal?
- What are the ramifications of the implementation of this plan?
- How does this plan affect Venango Campus in relation to the marketing plan and other objectives set forth specifically for this campus?

A. Rao suggested that S. Kuehn prepare a summary of the discussions and concerns over the Venango Campus Reorganization plan. Dr. Reinhard suggested that Senators address concerns specifically, especially the problems that will occur with the combining of Departments as they exist in the plan. There was discussion about whether or not to have an ITV meeting sometime yet in this semester.

VI. Committee Reports

A. CCPS--E. MacDaniel - CCPS hearings were held last Tuesday; these proposals will come to Senate April 30th. There are departmental representatives coming, and E. MacDaniel requested moving new business up in the agenda for that meeting. It was proposed that an additional meeting be held the Monday of finals week, May 7, for catalog revision proposals, or that an extra policy meeting be held prior to the April 30th meeting.

B. CCR--A. Rao - report submitted via email

I. Call to Order

S. Kuehn called the meeting to order at 3:31p.m.

II Approval of the Minutes

A. Rao moved to approve the minutes of the meeting of April 9, and H. Savage seconded. Minutes were approved, following the addition of M. McConnell to the list of Senators present.

III. Announcements

Letter from Dr. Reinhard notifying the university community of the status of the POP and requesting information should have been received this past week.

IV. President's Report-- J. Grunenwald

Faculty searches are wrapping up and temporary searches and evaluation processes are being completed. A couple
of searches are being continued. The candidate for the Dean of Enrollment Management has been sent a contract, and the university is waiting for the return of a signed contract before any announcement can be made. It is expected that a recommendation will be made to the President by end of week for the VP for Finance and Administration. This week the college of Business Administration will be conducting on-campus visitations; phone interviews for the Dean of Venango Campus are being conducted this week. Many other projects of the university are being completed in anticipation of the end of the academic year.

Last Friday, April 26, Provost Grunenwald met with the Venango Campus faculty with regard to the reorganization proposal. It was announced at that meeting that there will be no implementation of the proposed structural change. Through the summer months the administration and faculty at Venango will go through the comments and suggestions and take a process approach to find a solution to the problems that still exist at the campus. It is believed that a process approach rather than a structural change will yield a more workable solution, and in the fall, the task of addressing the needs of Venango Campus will begin again.

Change of Agenda to accommodate visitors from the administration.

Committee Report - B. Buchanan

B. Buchanan introduced the questions concerning the need for a new consultant who will be hired by the administration to update the Facilities Planning. The floor was turned over to Paul Bylaska, who spoke about the major shifts that have impacted the usefulness of the current master plan. One of these is the SSHE change in funding for residence halls, which requires the involvement of a third party approach. The key factor in the master plan of the university is Becht Hall; converting this building from a partial residence hall to an E&G facility, and finding a place where those current students might move, are issues that must be addressed. This changes the funding sources for this renovation. An additional factor in the old master plan is the lack of responsiveness in this plan to the needs of the College of Education.

Tom Gusler also indicated that the change of the use of Becht Hall and other major planning changes have occurred since the master plan was developed; Psychology and Modern Language departments have vacated the building, and several other offices have been moved in; these moves were not addressed in the master plan. Additional changes that impact the usefulness of this plan is the fact that electronic communication has grown to the point that location of certain offices is no longer as critical as it once was. There was a question about the fact that the former master plan was expected to be internally updateable as needs arose. P. Bylaska indicated that this process would have been more effective if the Board of Governors and the SSHE had not implemented a broad change in the funding sources. Bylaska also indicated that the master plan did not address all of the significant issues, and that hiring a new consultant should help the university avoid very expensive errors. Discussion followed about the input that will be needed to address future changes, and the likelihood that further changes in the SSHE will impact facilities planning. There was also concern expressed about the likelihood of an outside consultant knowing and understanding the parameters of a university community. C. Heidler indicated that there would be significant review before a new consultant would be hired. It is expected that the planning group would be gathering information from the university community. It was also mentioned by several members that the old plan, while lacking in some areas, did serve the university well in many ways, including the current renovations underway with the library.

V. Student Senate Report -- Andrew Barnes

Two weeks ago the Student Senate learned that Hal Wassinck and G. Curtis, both critical advisors to Student Senate, are retiring over the summer. The final meeting of the semester will be held this evening; it is expected that a resolution supporting language proficiency for B.A. degrees will be passed.

VI. Committee Reports

A. CCPS--E. MacDaniel - read-ins, CCPS recommendations and proposals will be conducted during new business.

B. CCR--A. Rao - A. Rao thanked the Senators who are completing their third term and those who sat on
Senate. There were 146 ballots submitted by absentee ballot;
The new Senators are B. Dunn, S. Prezzano, B. Register, S. Traynor, S. Kuehn, P. McGreevy, and M.J. Reef.
Thanks to Susan Mc Bride for her service from Venango Campus in its election, which resulted in the filling of a two-year term by C. Zidek from Venango Campus

C. Academic Standards--S. Prezzano - The Academic Standards Committee has approved authorized military service as an accepted excused, upon the request of the Provost. Dr. Prezzano distributed handouts that highlighted the history of academic actions involving students who have been on probation or suspended. There has been a relatively stable number of incidents through which the academic standards board has upheld the suspension of a student.

D. Budget--L. Quesenberry - L. Quesenberry reported that the letter she has written to the President and Administration objecting to the formation of a new budget committee is completed and should be reviewed by Senate. This letter outlines the objections, proposing that the new committee is unwieldy, and redundant in that a budget committee is already in place.

E. Faculty Affairs--B. Brancato - Retirement reception will be held Wed May 9 at 4p.m. The recognition will take place in Hart Chapel, and the reception will follow in Moore Hall.

F. Institutional Resources--B. Buchanan - no further report.

G. Student Affairs--H. Savage - H. Savage distributed a signup sheet and information form concerning the formation of a chapter of Phi Kappa Phi on campus.

I. Middle States - R. Leary Nearly all of the task force reports have been submitted and based on the progress of the editor, reviews will be conducted.

VII. Old Business

Tabled CCPS recommendation on placement of WS courses was moved into the overall CCPS proposals taking place in new business.

VIII. New Business

The distributed materials included CCPS read-ins, general education proposals, and all actionable proposals including new courses, deletion of courses, addition of programs of study; collaborative program, changes in admission requirements, checksheet changes; changes of catalog data, revisions of programs; substantive changes of existing programs; the catalog course descriptions were presented in a large folder - these are read-ins;
There were four read-ins: action numbers #2001-1-130, 2001-1-137, 2001-1-131, and 2001-1-132. There was also discussion about the General education proposal that had earlier been tabled, Action # 2001-1-039, which addresses the cross listing of courses in Women’s studies. This was approved.
Proposal 2001-1-122 was pulled out for discussion; all other CCPS recommendations excluding 2001-1-122 were approved.
Discussion opened on the excluded proposal concerning the substitution of additional competencies in lieu of foreign language or computer language. R. Leary presented the various reasons that this proposal has come to this point; E. Caropreso proposed that there was little in the way of evidentiary rationale to aid in the decision making process concerning this topic, and made a motion to charge CCPS with evidence to provide the Senate ; this motion was seconded by M. McConnell. E. MacDaniel indicated that the biology department had done research in preparation for the proposal. S. Harris, Chairperson of the Biology Department, was permitted to offer the rationale for the proposal. He discussed the changes in the discipline that have occurred between the B.S. and the B.A. degree. The B.A. has become a fall-back degree to those who are unable to succeed in the B.S. The proposal was an attempt to make the degree in biology more multidisciplinary and attract more students who might have a broader interest in biology. Three SSHE schools have dropped the B.A. degree, and at other schools, the B.A. is a bit less rigorous. Only two SSHE schools have the modern language requirement in the B.A. degree; the only other SSHE school,
IUP, also requires foreign language requirement for their B.S. as well. Clarion is the only one who requires language for a B.A. degree. A. Barnes, the representative from Student Senate, expressed concern that if the foreign language requirement were omitted, there would be more professionally-based coursework rather than academic coursework. It was expressed by several Senators that the foreign language requirement would encourage students to develop a sense of multiculturalism. L. Quesenberry proposed that the language requirement would expose students to wider culture and actual communities; making it easier for students to avoid the language requirement would be in opposition to the concept of a university.

There was discussion about the actual proposal, which in fact only allows for the possibility that a third competency be developed. Should this proposal be accepted, the biology department would have to develop another set of proposals that would declare what these competencies are and what courses would serve to meet this requirement. There was some discussion about the guidelines that were signed by President Leach, back in 1989. At this time the computer/quantitative option was approved. No other competencies have been accepted since then. Discussion also questioned the possibility of a blanket proposal that would address requirements in the B.A. degree. An amended proposal to table that proposal was made by E. Caropreso, and seconded by B. English. The suggestion that this vote be done by written ballot was rejected, and a role call vote was held. Role call voting was as follows:

- P. Amrod - yes
- B. Brancato - yes
- B. Buchanan - yes
- E. Caropreso - yes
- G. Clary - no
- P. Gent - no
- S. Hilton - yes
- R. Leary - no
- F. Keen - no
- S. McBride - yes
- M. McConnell - no
- J. McCullough - no
- M. Parker - no
- D. Poljanec - no
- S. Prezzano - no
- L. Quesenberry - no
- A. Rao - no
- B. Register - yes
- H. Savage - no

Thus, the vote to table Biology’s proposal until further discussion could be held was not passed.

S. Kuehn indicated that there was significant reason for the modern languages faculty not being permitted to speak. S. Prezzano indicated that the fact that the objecting department was not being permitted to speak is based on interpretation with which she disagrees. The section of the by-laws that have been brought into play was read by S. Kuehn. S. Traynor, speaking as both APSCUF president and an elected Senator, indicated that the contractual issues do indeed prohibit those who have not filed proper objections from speaking at Senate.

Following this, the vote on the proposal was held, by role call vote:

- H. Savage - yes
- B. Register - no
- A. Rao - no
- L. Quesenberry – no
- S. Prezzano - no
- D. Poljanec - no
- M. Parker - no
- E. MacDaniel - yes
- McCullough - no
- McConnell - no
- McBride - no
- Keen - no

Thus, the vote to table Biology’s proposal until further discussion could be held was not passed.
The proposal by the Department of Biology to allow for a third yet undefined option for the B.A. in Biology degree was defeated.

V. Spina apologized for missing deadlines and also for his behavior at recent CCPS hearings. He assured the Senate that the guidelines for the B.A. degree will be a topic of discussion next year.

A. Rao asked E. MacDaniel what the procedures say about the possibility of the Senate modifying a proposal once it has passed CCPS. He was told that this was not a possibility. Senate can only accept or not accept a proposal the way that it comes through CCPS.

Provost Grunenwald thanked senators for their service on behalf of the President.

Chairperson Kuehn thanked Senators for their service, and reviewed the past year. He thanked each of the policy committee chairpersons, for their difficult, thorough, and professional work.

IV. President's Report-- D. Reinhard

Dr. Reinhard commented on the Annual Fall Faculty Meeting and the joint reception co-hosted by APSCUF. Venango Campus had a series of events in celebration of its 40th anniversary, which was well attended and very successful. The visit by the Chancellor went very well. It is hoped that the Chancellor will be a strong advocate for education in the state system, and will also implement some changes in the POP and strategic planning. Dr. Reinhard was pleased that the strengths of Clarion University were displayed during her visit. The President’s Office has received positive feedback regarding Dr. Hample’s visit. About $40,000 was raised in the Golf Scramble on Friday. Many alumni returned to participate in this event. The university is hoping for a better outcome at next Saturday’s football game, referring to Clarion’s loss to Youngstown 44-0.

V. Student Senate Report-- Ben Chervenak

The first meeting will be held this evening. A recent event was the successful retreat at Findley Lake. Over the next two weeks, freshmen elections for Student Senate will be held, placing two freshmen on Senate for the first time ever. Issues that will be dealt with this year include parking, the restructuring of Student Affairs division, cafeteria congestion, and the restructuring of Clarion Student Association Board of Directors. The Weekend Program Initiative to host non-alcoholic events on campus which was approved last semester is being developed. There was some discussion about the selection of students for Faculty Senate committees.

VI. Committee Reports

A. CCPS-- S. Traynor - no report

B. CCR--H. Savage - Committee appointments will be introduced during new business. The committee attempted to establish committees as quickly as possible; each committee should meet within the next two weeks and establish a year-long mission. H. Savage distributed a copy of the Policy for the Removal of a Committee Member with a Poor Attendance Record.

C. Academic Standards-- S. Prezzano Two suspension hearings were held over the summer. At the end of the spring semester, 232 students were suspended; of these 55 appealed suspension. The Academic Standards Committee rescinded 17, 7 were able to join EOP, Academic Affairs rescinded 3, and one student had a grade change.

D. Budget--B. Sweet - no report.
E. Faculty Affairs—G. Clary - no report on Faculty Affairs. Faculty mentoring program is off to a good start. There are 35 new faculty involved, including, for the first time, temporary faculty. There will be a series of dinners starting this week. The Provost and the President will be attending. G. Clary extended his thanks to H. Savage for establishing this program and making it very active. Mike McConnell and Barry Sweet hosted a picnic for new faculty.

F. Student Affairs--B. Register - Restructuring in the Student Affairs Division will make this an interesting year. B. Register has met with H. Tripp already. Concern about the residence halls, and recruitment and retention will be issues that will be addressed this year. Barry Morris may come to speak with the committee. B. Register is also aware that this committee will work on the academic calendar.

G. Institutional Resources - B. Buchanan - no report.

H. Venango--S. McBride - no report, except to mention again the 40th anniversary celebration and its great success.

I. APSCUF - S. Kuehn - There is currently a special election to fill an open position on CCPS. Discussion at the first meet-and-discuss circled around the Gomulka interview in the Patriot News, and Bill Fulmer’s response to that interview. A. Rao encouraged everyone to review this interview.

J. Middle States - R. Leary The Steering Committee met several times over the summer; drafts of the report chapters are being reviewed. The Committee is expecting to have report completed by Nov. 1, at which point it will be distributed for faculty review and comment. The full team visit is March 25-27. It is expected that the group will want to speak with Faculty Senate, so Senators were asked to keep an open schedule during the three-day visit.

S. Traynor distributed two read-ins to be entered; Action Number 2001-4-001 was a change in prerequisites; Action number 2001-4-002 was a minor change in title and description. It is expected that future materials will continue to be presented in fairly substantial numbers, bundled by department, in sequential order.

H. Savage distributed the recommended slate of proposed Faculty Senate Committee Appointments. No second was necessary. Slate attached. Slate adopted unanimously.

CCR had two additional recommendations. Clarion University Foundation Advisory Board has three representatives; Carol Anderson and Terry Morrow are currently serving on the board. The CCR recommends approval of Jamie Phillips to serve as the third appointee for this position. No second required. The recommendation was approved unanimously.

CCR also made recommendations concerning the appointment of Dr. Ralph Leary, representing the College of A & S, and Dr. Kevin Roth, College of Business, to the Honors Council. This recommendation was approved with abstention of Dr. Leary.

Dr. Reinhard commended Dr. Savage on the recent Open House held at the Honors Program Office on Friday, which was well attended and a formal acknowledgement of the efforts that will be made to increase the size of the Honors Program.

A roster of Faculty Senate members was distributed.

III. Announcements

Announcements were distributed prior to the meeting electronically. They addressed three topics: Faculty Response to POP Appendix are due by the first week of October; Barry Sweet and Scott Kuehn will represent Senate Policy Committee in discussions with the President, Provost and other members of administration concerning the proposed creation of the University-wide Planning and Budget Committee; and Policy Committee’s “5 and out” goal suggests limiting committee reports to 3-5 minutes in length.

IV. President's Report-- D. Reinhard

Dr. Reinhard thanked the Senate for its response to the events of September 11. There was a Trustees Meeting at Venango Campus last Thursday, acknowledging the work that has been done there. Many exciting activities are taking place there, and enrollment is up. J. Gruenenwald will meet with the Faculty Forum to address some of the issues that still exist with faculty there, since the reorganization plan that might have addressed some of these will not be implemented.

The POP document is printed and copies will be distributed within a week or two. The administration is anxious to hear the response of faculty in establishing and meeting stated goals, and soon a call will be issued for proposals.

There was also interest expressed in ways of better using the time of faculty and staff, and Dr. Reinhard is looking for proposals that address ways of organizing meetings and planning.

There may be some faculty and staff who are called to active duty, and the policy is for continuity. Students are not expected to suffer financial loss.

Dr. Reinhard expressed her appreciation for the response of the university to the tragedies, participation in debates, services and the silent walk. Dr. Reinhard indicated that there is no reason to believe that foreign students at Clarion are being subject to harassment or discrimination.
V. Student Senate Report-- Jackie Collier

VIII. New Business

Several CCPS items were introduced by S. Traynor. Read-ins took place for several departments (action numbers 008 through 160); Special topics for the spring (action numbers 161-168); Experimental courses (169-174); Cross listing a course (191), and several courses that will be presented as distance education courses (1179-1190).

Actions requiring Senate approval included consideration of four courses for inclusion in general education. These were two courses from the College of Business: BSAD 340 Environmental Law and BSAD 341 International Environmental Law were proposed as General Education courses to be placed in Category 4. (Action Numbers 175-
CCPS recommends these changes, accepting the recommendation from the General Education Council. These were approved.

It was further recommended that ED 217 be counted as a liberal education skills course and ED 225 Multicultural Education, be accepted as a social science, listed in IIB. Again, CCPS recommended these changes, based on the recommendation of the General Education Council. Discussion followed, including questions about the need to take this action, and if indeed this change is recommended for all students. Education Chairperson Donna Poljanec indicated some of the reasons that this proposal has been made.

There was a question about the difference between ED 217 and CIS 217. D. Poljanec indicated that one of the differences is that ED 217 is often based in Macintosh. B. Dunn asked about the fact that ED 217 can act as a general education class; however, CIS 217 is not accepted as a substitution for ed majors in their major courses. B. Dunn also questioned the wisdom of putting educational classes in the social sciences area of general education. Discussion followed about the precedent-setting implications that this approval might cause.

Pennsylvania Department of Education has determined that all education majors must take the same core courses as their counterparts who are earning a degree in that discipline. For instance, a biology education major must take all of the classes that a regular biology major must take, along with extensive coursework in education. NCATE and the legislature are demanding that education departments meet fairly restrictive standards and also are insisting that it be possible for students to complete the program in four years. Some of the content requirements have already been moved to the general education side. There was a question about when this rule might be effective. There was some discussion about the standards and requirements of both NCATE and the PDE. Melanie Parker proposed that the two courses be voted separately. D. Poljanec also proposed that the multicultural education be moved to section IV, as additional General Education electives, instead of IIB. It was also suggested that these proposals be tabled. B. Dunn moved to table the course proposals to allow the Education Department to reconsider the request. This motion was seconded by V. Spina. The move to table the proposals was approved, with one objection.

Student Senate is asking for two representatives from Faculty Senate to attend Student Senate. The Policy Committee was generally pleased with this proposal; however, it was unclear what would be required through this arrangement. A. Rao will be meeting with some representatives from Student Senate to clarify this role. A. Rao wondered if that will require a change in the by-laws to establish this as a permanent position, and if so, if Senate would consider naming someone to a temporary appointment until the by-laws are changed. B. Dunn wondered about having the same person or persons attend these meetings. V. Spina indicated that it made sense for this position to be filled with the same person(s) to establish relationships or continuity. A. Rao will report as soon as possible about the expectations of Student Senate at the next meeting.

There was some brief discussion about the POP matrix, which is in the hands of department chairpersons, and the other POP documents that will be distributed soon.

This group will also address ways to achieve higher retention rates, and hostile faculty who are not accommodating to student athletes who must miss classes.
   The Admissions Subcommittee has asked the new Dean of Enrollment Management, William Bailey, to speak to them to talk about the missions of this office; this group is also attending the Retention roundtable. VIII. New Business

B. Register distributed the draft of the academic calendar for 2003-2004. In the fall semester, there are 14 Mondays and 14 Wednesdays. The mid-semester break is still tentative, until the Athletic Office can determine the dates for Homecoming. During the spring semester, there are 13 Mondays, 14 Wednesdays; this already includes one Wednesday that will become a Monday. Dunn, P. Gent, S. Hilton, F. Keen, G. LaRue, R. Leary, M. McConnell, P. McGreevy, M. Parker, S. Prezzano, M. J. Reef, B. Register, H. Savage, B. Sweet, S. Traynor, and C. Zidek. I. Call to Order

A. Rao called the meeting to order at 3:35 p.m.
II Approval of the Minutes

S. Traynor moved to approve the minutes of the meeting of October 8, and M. McConnell seconded. Minutes were approved.

III. Announcements

A. Rao thanked Senate members for their attendance at the meeting with the chairperson of the Middle States Evaluation Team, Dr. Catherine Gira. A. Rao indicated that Dr. Gira has requested that Senate minutes from the past two years be made available to the team during their visit. Senate student workers are compiling these minutes and will develop a list of major topics that Senate has addressed over the past several years. A. Rao asked anyone who has topics that should be on this list to forward them to him.

IV. President's Report-- D. Reinhard

Dr. Reinhard also thanked everyone for participation in the meeting with Dr. Gira; she was encouraged by the positive response from the university as a whole. Every meeting held during Dr. Gira’s visit was well attended. President Reinhard said that Dr. Gira had a positive response to the visit and expects that the accreditation evaluation will be successful.

The planning group for the financial and budgetary planning committee met once and will meet again next week. Dr. Reinhard is asking that discussion about the formation of the PRAAC be concluded in the next few weeks and that implementation of the PRACC begin in the spring semester.

The call for POP proposals will be distributed soon. Following a question about POP, Provost Kuehn explained the process for soliciting new proposals, establishing reasonable deadlines and the review process that is underway with unfunded proposals from last year.

There was some discussion about the small number of positions that are available for hiring for the next academic year. Dr. Reinhard indicated that there are several causes for the very limited hiring that will be done this year: revenue prospects for next year look very weak; an unexpectedly low appropriation this year; and upcoming negotiations for the CAB. She indicated that budget cuts this year may be repeated next year. In response to this situation, she has severely limited the number of positions that are available. She has asked everyone to be “extraordinarily prudent” about financial decisions. The financial restrictions faced by the university are not only in the area of faculty positions, but in many other areas as well. Some discussion followed about the impact of financial restrictions.

V. Student Senate Report-- Jackie Collier

The meeting for students to meet with Dr. Gira concerning the Middle States Site visit was well attended by Student Senators. Student Senate has proposed an open forum to inform the general population about the Middle States Accreditation. A new meal plan will now be available for off-campus students.

The Social Equity Dinner will be held Nov 9. The topic is Awareness through Diversity. The Weekend Initiative planning meeting will be held this evening, to organize events that will encourage students to have positive things to do in Clarion over the weekends. These events will begin in the spring semester.

VI. Committee Reports

A. CCPS--S. Traynor - Administration informed CCPS that there will be three programs placed into moratorium. These are:

A.S. in Occupational Therapy, effective Fall, 2001
M. A. in English, effective Fall, 2001
B.A. in Earth Science, effective Spring, 2002
B. CCR--H. Savage - recommendations will be given in New Business

C. Academic Standards--S. Prezzano - Academic Standards Committee will meet this week; topics include catalog changes and advanced placement. In response to student questions, this committee has determined that in many instances, it is up to the individual department to set an acceptable score for advanced placement exams. The committee will check to see if these scores are comparable to acceptable scores at other institutions. The Athletic Subcommittee has requested from Senate the procedures necessary to replace the Faculty Athletic Representative, a position currently held by Iseli Krauss. Dr. Reinhard will forward the necessary procedures to the subcommittee.

The Admissions Subcommittee met last week with Dean Bailey to provide suggestions about admissions and to learn of his planning. Among their recommendations was the need to recruit in select out-of-state areas, such as the Pittsburgh-Cleveland corridor. It is expected that people in that area know of Clarion because of vacation destinations here. It was also mentioned that lower out-of-state tuition may help. The other suggestion was to look for ways to improve the ratio of those who inquire about Clarion to those who actually apply. This ratio currently is 45000/3500. The subcommittee commends those programs attempting to target and recruit gifted high school students.

D. Budget--B. Sweet - B. Sweet provided a review of the activities of this committee since the start of the semester, including discussions about the PRAAC, Middle States and work study funds. The Budget Committee will meet this week with P. Bylaska, who will provide the committee with the same information presented earlier to the Trustees about the budget and planning process.

E. Faculty Affairs--G. Clary no report.

F. Student Affairs - B. Register -no report

G. Institutional Resources - B. Buchanan The Library Subcommittee has been actively meeting; they are developing ways to reestablish the relationship between the library and its constituency. The group is developing a survey to gather info about what the needs are and may also develop a list of recommendations.

I. ASPCUF - S. Kuehn - no report.

J. Middle States - R. Leary - Based on Dr. Gira’s statement, there are only two likely results of the accreditation evaluation: full unencumbered accreditation or accreditation pending some actions to correct some problems. The report must be edited further, as it is about a third again too long; this editing will delay the availability of this document for public review and discussion. It is possible that this may not take place until the start of the spring semester.

VII. Old Business

Tabled General Education Proposal - S. Traynor moved to remove from the table a General Education proposal and R. Leary seconded. The removal of the proposal from the table was approved. The proposal has been revised to accept ED 217 for Education majors in Category I.c. and ED 225 in Category IV. There was discussion about the placement of a course into General Education that was available only to certain groups of students. Dean Grejda indicated that their mandate requires that education majors: be able to finish in four years; take all of the courses that a student majoring in the discipline must take; must pass the PRAXIS in both education (Principles of Teaching and Learning) and the specific discipline. The motion passed, with two no votes. No abstentions.

VIII. New Business

CCPS Read-ins - Catalog description changes from Finance, CIS, and Music (action numbers 2001-4- 207 through 2001-4- 332) and courses approved for distance education for Spring 2002 (2001-4-192 through 2001-4-206 and 2001-4-333 through 2001-4-339) were read into the minutes.

IV. President’s Report

The document concerning the formation of the PRAAC will be submitted to Deans’ Academic Council, Senate and CCPS in the next few days. Written comments will be taken through Dec. 8; it is expected that the committee will be put into place sometime in the beginning of the spring semester.

POP proposals are being accepted. About 5 or 6 have been received already. The due date is Nov. 16, 2001. The document reporting on last year’s planning and future planning has been distributed and should be in the hands of senators and departmental chairpersons now. The indicators for several of the POP goals are being evaluated and being reviewed in Harrisburg now.

This is Equity Week, which will involve several events, beginning this evening.

Emergency Response plan must be submitted to the state system, and the Chancellor’s Office will share information among universities to improve the planning, and to coordinate the federal to state to regional communications. There was a four-line step down in place shortly after Sept.11, and there were resources put in place to assure that students could call their families and that incoming calls could be received.

V. Student Senate Report - J. Collier

The Social Equity presentation is tonight.
There are several students attending the USGP conference from Nov 16-18. There have also been some changes made to committee formation. Rebecca Emert will serve on the Student Facilities committee; Sarah Synder will serve on the Dining Hall Concerns Committee, and Jackie Collier, Rules, Regulations and Policy Committee.

H. Savage asked the Student Senate representative for clarification and for information about the Weekend Programming Initiatives. There was discussion about how the events are scheduled, the magnitude required to qualify for the program, and the reasons that only spring events are being accepted. Events must be held during the spring semester, on a weekend between 6:00 p.m. Friday and 4:00 p.m. on Sunday. It was suggested that Student Senate hold another meeting for faculty advisors in order to clarify these events and the procedures. It was also proposed that some presentation on this initiative be given at Faculty Senate.

VI. Committee Reports

A. CCPS - S. Traynor - No report.

B. CCR - H. Savage - No report

C. Academic Standards - S. Prezzano

A report on Advanced Placement and CLEP is being prepared.

D. Budget - B. Sweet

On Oct 24, Paul Bylaska presented the budget to the Budget Committee with very active discussion taking place. There is a structural deficit projected. Topics of discussion included the lack of funding for tenure-track positions. The Committee asked for additional information from Mr. Bylaska, specifically concerning revenues for past 4 years and a comparison to the middle 10 of the SSHE schools. The Committee is waiting to receive that information.

E. Faculty Affairs - G. Clary - No report.

F. Student Affairs - B. Register –

B. Register distributed copies of the finalized academic calendar for 2003-2004; this calendar was approved earlier with tentative dates. This calendar was questioned by Student Senate, which has concerns about the length and timing of breaks. The committee determined that as this calendar 2003-2004 has been approved, any action for discussion and any recommendations would be pushed to the next year’s calendar for 2004-2005. There was some discussion about the process that implements student concerns but on a calendar that will affect only future students. There is also the potential for the formation of a group that will examine the coordination of calendars for the western tier SSHE schools.
The committee was also asked to examine the process for student ID cards used in distance education.

The subcommittee will also be reviewing proposals for Who’s Who.

G. Institutional Resources - B. Buchanan

B. Buchanan will serve with a group examining the need for a consultant for institutional planning. The Committee is examining Emergency Plans for University; there was discussion about the obligations the university should make for faculty who teach at distant sites.

The Library subcommittee continues to work on library services and planning for involving the academic community in the library when it reopens. One of the subcommittee concerns is the potential discrepancy on CCPS proposals that address adequate library holdings. There was brief discussion about what constitutes adequate resources. The subcommittee will get a walk through of the new library with Howard McGinn.

H. Venango Campus - S. McBride – Venango Campus will participate in First Night celebrations in Oil City.

I. APSCUF - S. Kuehn - no report.

J. Middle States - R. Leary –

The steering committee is continuing to work and will end up with two documents: an abridged version and an unabridged version. Hearings will be scheduled soon and the documents will be ready for review by the early part of next semester

IV. President’s Report

The President sends greetings from New Orleans where she is attending a National Presidents Meeting. POP proposals were received last week; there were three dozen or so. They will be reviewed, and recommendations will come through the President’s Executive Council. The President has distributed a draft copy of the Proposed Model for University Planning and Resource Allocation, and a tentative calendar of scheduled meetings for this body. The administration is finalizing the faculty hiring plan, and decisions about temporary faculty will be completed by the end of the week. The faculty will be smaller by 12 lines from last year. Most are in areas of leave without pay and sabbatical leave, fewer than half of whom will be replaced. Provost Grunenwald indicated that these cuts were distributed across departments to try to not to harm any one department too significantly. These have been a tough set of choices. There were also two managers and one staff person cut from the administration. There were some accounting breaks that helped, but the deficit over the next two years will be very difficult. Dr. Grunenwald was asked about the impact this would have on summer school, and he responded that the impact would not be substantial.

V. Student Senate Report - J. Collier

The Social Equity Dinner was a big success. Chartwells gathered data about satisfaction among students about on-campus dining, and the results were good. A new bakery is open for students. There are plans for a new residence hall to be built on campus; more information will be forthcoming. Weekend initiatives proposals are due Tuesday November 20 at 9 a.m.

Ben Chervenak, President of Student Senate, also distributed the policy statement concerning the Weekend Programming Initiative adopted by Student Senate. He is available for discussion or to answer questions about this program. There was some discussion about the difficulty some groups are having scheduling events in the only during the spring semester. According to Chervenak, there are fewer than ten organizations that have not submitted the form to schedule a weekend program.

VI. Committee Reports

A. CCPS - S. Traynor - no report.

C. Academic Standards - S. Prezzano

The Academic Standards Committee submitted a report concerning the charge they were given to examine the CLEP and AP standards at Clarion University. They first determined what these standards are, and then compared them to six universities in the area. The data suggest that Clarion University standards are not more stringent than other universities in the area. Clarion
students can get more credits per test than any of the other schools. The committee suggests that students discuss the score requirements for specific tests with specific departments.

D. Budget - B. Sweet - P. Bylaska has told Barry that the additional information the committee requested from him will be received by next week.

E. Faculty Affairs - G. Clary Pam Gent offered report for G. Clary. The committee continues to check into the faculty dining room.

VIII. New Business

CCPS recommended a series of changes. R. Leary asked for two sets of proposals to be pulled from the series for more intense examination. All others were approved. The first set of proposals removed for discussion included 2001-4-494 and 2001-4-495, which proposed name changes in degrees in Speech Communication and Theatre. They propose to offer a B.A. in Theatre, and a B.S. in Speech Communication. B. McCauliff, Chairperson of the SCT department, was asked to explain rationale for this name change. He answered that the student who completes one or the other has a better chance or advancement if the degree is specific. This was approved.

In addition, proposals 2001-4-505, 2001-4-507, 2001-4-509 were also removed for discussion. These proposals offered an athletic coaching minor and two new graduate courses. These are HPE 557: Physiological Foundation of Athletic Coaching, and HPE 559: Kinesiological Foundations of Athletic Coaching. When no one from Physical Education was present to answer questions about these courses, Sue Traynor, Chairperson of CCPS, indicated that the minor program was designed to provide a minor designation for undergraduates who are earning a coaching certificate. The upper division courses are designed for current teachers to obtain graduate credit while gaining information about coaching or other athletic instruction through
these two courses. The Biology Department had no objection to these proposals. These proposals were approved.
