I. Introduction to Employee Self-Service (ESS) and My First Days

General Information

Employee Self-Service (ESS) is a web-based service within the Self-Service Portal that provides employees with the ability to view and update information related to their employment with the Pennsylvania State System of Higher Education (PASSHE).

ESS contains five main areas including My First Days. My First Days allows employees to add and update personal information such as Dependent(s), W-4 Tax Withholding Information, Education, Ethnicity, Direct Deposit and Emergency contact. It also allows employees to enroll into benefit plans such as Medical, Retirement, Flexible Spending Account(s) and Basic Group Life.

Contact your Human Resources Office immediately if you have any questions regarding the information appearing on ESS.
II. Logging into the Self-Service Portal

1. To access the Self-Service Portal, type the following URL into the address field on the web browser and use the Enter key.

    http://portal.passhe.edu/

    (NOTE: Adding the Self-Service Portal link to the browser’s favorites folder makes access easier in the future.)

2. The Self-Service Portal will ask for a Username and Password. After entering the Username and Password, click Enter Portal. (NOTE: Employees are assigned a Username and Password the day their employment begins.)
3. After clicking the **Enter Portal** button, the following screen will appear. The actual tabs appearing at the top of the page will depend on specific user-access roles.
