

## B.S. Chemistry: Geochemistry Concentration

### Learning Outcomes

After successfully completing this program, students will be able to:

1. Students will know, understand, and be able to apply the fundamental principles of chemistry.
2. Students will know, understand, and be able to apply the core concepts of analytical chemistry, biochemistry, inorganic chemistry, organic chemistry, and physical chemistry.
3. Students will be able to carry out chemical laboratory procedures safely and skillfully.
