Notes:
 Students who have not had within the past five years one year of high school or college biology with a minimum grade of "C" are encouraged to take Basic Biology (BIOL 111) or Human Biology (BIOL 224) before starting the respiratory care program.
 Students not placing into Math 117 are encouraged to take Math 050 or Math 110 (in accordance with math placement test results) before starting the respiratory care program.

A minimum grade of "C" must be earned in all respiratory care (RESP) courses. A minimum QPA of 2.0 is necessary to remain in the respiratory care program.
 Students who place into ENGL 110 must take it prior to ENGL 111.
 RESP 229 (Field Experience) is an elective offered only in Summer II and by the approval of the Department of Allied health. RESP 229 requires respiratory care majors to have successfully completed all prior respiratory care coursework, must be concurrently enrolled in RESP 250, and must have a minimum QPA of 2.50. Field experiences must be approved in advanced by clinical site respiratory care program officials. RESP 299 is offered credit-no record.
