GENERAL INSTRUCTIONS

These instructions apply for all theses presented as fulfilling requirements for a master's degree at Clarion University of Pennsylvania. While they do not apply necessarily to papers written as semester assignments within a given titled departmental course, they may serve as a guide for the writing of such papers.

By action of the Graduate Council, the official style form to be used for the preliminary materials (title page, preface, acknowledgement, table of contents, list of tables, and list of figures) and for the reference materials (bibliography, appendix, and index) is Turabian, Kate L., *A Manual for Writers of Term Papers, Theses, and Dissertations*, University of Chicago Press. The style form to be used for the body of the report has been selected departmentally. The writer should contact the departmental graduate committee for specific instructions on the appropriate style form.

**Number of Copies**

Three (3) copies of each thesis become the property of Clarion University. (For MSN students, four (4) copies of each thesis become property of Clarion University.) These must be bound in the official binding of the university. The current binding fee may be found in the Graduate Catalog or Graduate Student Services web page (subject to change). These official copies of the thesis will ordinarily be typewritten (request for permission to use other forms of reproduction should be directed to the department chairperson and to the Dean of the College). The student is encouraged to submit at least one additional copy to be bound and returned to him/her as a personal copy. All copies to be bound must be submitted unbound, with all approval signatures, and placed in temporary cover folders. These approved copies are to be submitted to the Registrar’s Office along with the binding fee.

**PAPER**

All official copies of a thesis must be reproduced on a good grade of 8 1/2” x 11” bond paper containing at least 25% rag. The original copy must be on 20 pound weight paper. The second and third copies may be on 20 pound weight, 16 pound weight or 13 pound weight paper. All pages of any single copy must be on paper of identical weight, color, and texture.

**Typing**

The same size of type, either pica or elite, and the same type style must be used throughout the thesis. The following IBM type styles (or their equivalents from other manufacturers are acceptable: Pica 72, Elite 72, Courier, Delegate, Prestige, Adjutant, and Library. All copies must be error free.
MARGINS

The left hand margin should be one and one-half inches wide to allow for binding. The other margins must be in accordance with the specific style form used by the department. If that form does not specify margin width, the three "outer" margins should be one inch in width.

ABSTRACT

A brief abstract of the study must be submitted with each copy of the thesis. This abstract should be no more than 100 words in length and should be prepared in the following format:

Title: Use the exact title of the thesis.

Author: First name, middle initial or name, last name

The text of the abstract should be typed, double spaced, and contain not more than 100 words. The name of the university and year of graduation should follow.
