

ADVANCED *placement* AT CLARION

AP CREDIT

Clarion University encourages students who have taken College Board Advanced Placement (AP) courses in high school to submit their official test scores.

We offer more than 175 academic degree programs and grant AP credit for scores of 3, 4, and 5 for most of the AP courses the College Board offers. Exams are given nationally each year. Your high school counselor can provide more information.

With AP CREDIT, you:

- have an advantage in admissions selection
- can receive instant college-level academic credit
- are free to select other interesting subjects rather than a required course already mastered in high school
- are a good candidate for Clarion's Honors Program and accelerate your undergraduate degree program, saving time and money for graduate school or other career plans

COURAGEOUS. *confident.* CLARION.

“I looked at a lot of top universities in the Northeast United States, but Clarion offered the highest amount of credits (21) for my AP work. The AP credits also allowed me to graduate early and matriculate to law school.”

STRONGER *together*

Clarion recognizes AP students are a cut above average. You are willing to face more academic rigor and tougher competition than your peers and are better prepared for the academic demands of college.

Also, you can receive credit for AP exams not shown. For example, students may receive credit for successful completion of the AP Latin-Language exam even though Latin is not offered as a course of study at Clarion. More information is available by contacting the College of Arts, Education and Sciences at 814-393-2225.

THE HONORS PROGRAM

The Honors Program is an academic opportunity for students whose intellectual and creative interests and abilities extend beyond conventional university offerings. The program allows students to enrich their education through specially-designed courses and extracurricular involvement.

ACADEMIC SCHOLARSHIPS

At Clarion, academically talented and motivated students often receive scholarships. Current students demonstrating academic excellence and/or student leadership aren't left out either. The Office of Admissions or Student Financial Services can provide more information.

“Clarion gave me 37 Advanced Placement credits toward my degree in chemistry, and an opportunity to finish a four-year degree in three years.”
