Climbing Wall Mission Statement & Learning Outcomes

Mission Statement
The University Student Recreation Center Climbing Wall’s mission is to create an environment that enriches the recreation and education experience for all participants by creating a healthy lifestyle through opportunities to be physically active and to learn a recreational activity. Participants will be engaged in meaningful, challenging, and fun climbing activities and these opportunities will provide the staff with practical teaching experiences.

Student Learning Outcomes
1. To aid in the development of specific climbing skills of students and other campus community.
2. To provide students, faculty, staff, and campus community, with an opportunity for healthy, informal recreation and fitness.
3. To provide opportunities for physical and mental challenges that promote personal growth and development
4. To encourage communication in an active social setting.
