

## February - Monthly D2L Update Notification

---

*D2L/Brightspace Learning Environment 20.20.2 - update on or about February 21, 2020*

### Uploading Images – EXIF data warning | NEW

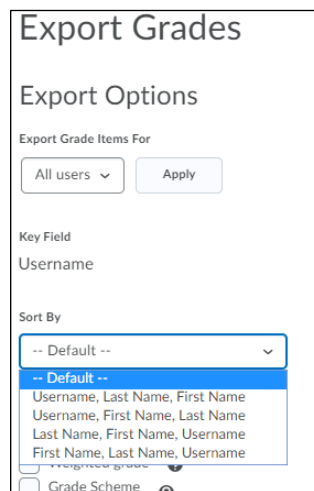

---

In some instances, when users upload .jpg files in any file upload area across Brightspace Learning Environment, an EXIF (exchangeable image file) data warning appears informing the user that the file may contain geolocation data.

### Grades – Export sorting options | NEW

---

This feature introduces the ability to sort exported gradebooks based on the following options: Username, Last Name, and First name.

The screenshot shows a web interface titled "Export Grades". Under the heading "Export Options", there is a section "Export Grade Items For" with a dropdown menu set to "All users" and an "Apply" button. Below that is the "Key Field" section, which is currently set to "Username". The "Sort By" section features a dropdown menu with the following options: "-- Default --", "-- Default --" (highlighted in blue), "Username, Last Name, First Name", "Username, First Name, Last Name", "Last Name, First Name, Username", and "First Name, Last Name, Username". At the bottom of the form, there is a checkbox labeled "Grade Scheme" which is currently unchecked.
