

## March - Monthly D2L Update Notification

---

*D2L/Brightspace Learning Environment 10.8.11 - update on or about March 21, 2019*

### Assignments

---

- Learners can now submit .cs file types as assignment submissions.
- The **Publish All Feedback on Anonymized Assignment Submission** permission has been renamed to **Publish All Feedback on Assignments**. Instructors can publish draft assignment feedback in bulk by clicking **Publish All Feedback**.

### Assignment Grader

---

- Assignment Grader no longer supports EduDentity log in. Instructors now log in to Assignment Grader using their Brightspace Learning Environment credentials. Assignment submissions are converted using the Document Conversion Service (DoCS) to allow instructors to annotate all document types. Instructors already logged in with their Brightspace Learning Environment credentials do not have to log in again.

### Rubrics

---

- Instructors can now enter a score for a criterion on a points-based rubric before clicking on a level within the rubric. Previously, an instructor could only manually enter a score after selecting a level.
