

CLARION UNIVERSITY WIRELESS SETUP GUIDE

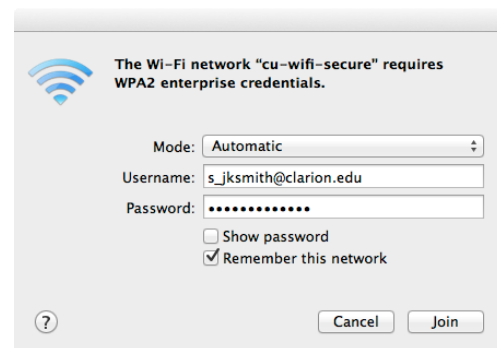

Mac OS X

If you encounter any issues with accessing the Clarion University wireless network, then please contact the Computing Services Help Desk at 814-393-2640 or helpdesk@clarion.edu.

1. Click the Wi-Fi icon on the status menu.
2. Select the “cu-wifi-secure” network.

3. Enter your login information.
 - a. “Username” – enter your MyClarion username (include @clarion.edu).
 - b. “Password” – enter your MyClarion password.
 - c. Click “Join”.

4. Click “Continue” when presented with the “Verify Certificate” dialog. This certificate can safely be accepted and all subsequent connections will automatically connect without displaying a message.

5. You may see the dialog to the right after accepting the certificate. Enter your password and click “Update Settings”.
6. Your wireless connection is now complete.
