If you encounter any issues with accessing the Clarion University wireless network, then please contact the Computing Services Help Desk at 814-393-2640 or helpdesk@clarion.edu.

1. Under “Settings”, select WiFi from the navigation menu and tap the “cu-wifi-secure” wireless network.
2. Enter your login information.
   a. Set “EAP Method” to PEAP
   b. Set “Phase 2 authentication” to MSCHAPV2
   c. Set “CA Certificate” to “Use system certificates” and set “Domain” to “clarion.edu”.
      • For Android version 6 and earlier, leave “CA Certificate set to “Unspecified”.
   d. Enter your MyClarion username in the “Identity” field.
   e. Enter your password in the “Password” field.
   f. Leave “Anonymous Identity” empty
   g. Tap “Connect”
3. You should now be connected to the wireless network. Look for the status to read “Connected”.
