

COLLEGE SPOTLIGHT - Community College of Beaver County (CCBC)

Located in Monaca, PA, CCBC is a partnership college that works with K-12 educators, other institutions of higher education, businesses, industries and community organizations to provide students with a wide array of opportunities.

CCBC offers credit and non-credit programs, degree and certificate opportunities, transfer programs, dual-enrollment, College in High School, an Aviation Academy for high school students, and skill training that leads to career readiness or workforce development. With state-of-the-art technology in every classroom and faculty who work in their fields, CCBC is the road to your future.

The Aviation Sciences Center is located in Beaver Falls, PA, 20 minutes from the main campus. There, CCBC offers the number-one Air Traffic Control program in the nation, the Professional Pilot program, the Unmanned Aerial Vehicle (UAV/Drones) program, and the Aerospace Management program. The Center is also home to CCBC's Aviation Academy for high school students, the first one in the region.

The cost of attendance per 15-credit semester is \$6,315. CCBC accepts Federal Student Aid, PHEAA state grants, and provides resources for scholarships.

Among the most popular programs at CCBC are: Nursing, Liberal Arts & Humanities, Business, Air Traffic Control and Professional Pilot.
