

College Spotlight: Northern PA Regional College

Northern PA Regional College (NPRC) is an independent institution that offers affordable, accessible post-secondary education to the residents of northern Pennsylvania. With 25 sites in 9 counties, NPRC brings classrooms to communities, providing a flexible, career-focused curriculum and quality instruction using interactive media. NPRC offers associate degrees, certificate programs, short-term classes, workshops, seminars, and customized training. Popular programs include business administration, criminal justice, early childhood education, social sciences, applied technology, emergency medical services, industrial electricity, and more. Residential tuition is just \$185/credit, and institutional aid is available. For more information, please visit <https://regionalcollegepa.org/>.
