

Mercyhurst University of PA

Student Spotlight

Zoie Stewart, Laker Class of 2022

Why did you select Mercyhurst?

I chose Mercyhurst for the small class sizes and campus. They also had the program I was looking for that isn't offered by many schools.

What is your major?

Fashion Merchandising

What is that all about?

You study fashion trends to predict what people will want in the future. You figure out how to market, manage, and distribute the fashion products for the most profit. Think building a brand.

What do you enjoy most about attending Mercyhurst?

I enjoy how easy it is to connect with peers and teachers during classes. Everyone is extremely helpful. Aside from the people, there's always something to do on campus, events like Springfest and 'Hurst Day.

What would you say to students considering attending Mercyhurst?

I would definitely recommend they visit and take a look themselves. The atmosphere here really speaks for itself. Mercyhurst has a lot to offer to people with many interests. When they say "Hurst is Home", it's true.

What do you miss most about Mercyhurst?

I really miss the face to face interaction with my teachers and other students.
