## 600,000 Words...3 Million Quotations...1,000+ Years of English

The [Oxford English Dictionary \(OED\)](#) is widely regarded as the accepted authority on the English language. It is an unsurpassed guide to the meaning, history, and pronunciation of 600,000 words—past and present—from across the English-speaking world.

As an historical dictionary, the *OED* is very different from dictionaries of current English where the focus is on present-day meanings. You will still find present-day meanings in the *OED*, but you will also find the history of individual words, and of the language, traced through 3 million quotations, from classic literature and specialist periodicals to film scripts and cookery

books.

The *OED* is available through the [Libraries Homepage](#). In the green "Research" box click on the [Databases A-Z](#) link, then scroll down the alphabetical list or use the link to jump to the "O" section of databases.

If you have questions or need assistance, stop by the Libraries or call Carlson Library at 393-2490 or Suhr Library at 393-1243. Clarion Online distance education students may call toll-free at 866-272-5612, (press 5 for Library).
