We publish *INSIDE The CU Libraries* periodically, when classes are in session. Here we share information about our services and resources with the campus community. Current and back issues are available online through the NEWS link on the [Libraries’ homepage](#).

### Welcome

The University Libraries welcome all new and returning students, as well as faculty and staff. This is the first issue of our electronic newsletter for the new academic year. It is published on a periodic basis to keep you up-to-date on library services and resources.

We encourage you to visit the Carlson or Suhr Libraries in person and visit our webpage at

<https://www.clarion.edu/libraries/>. **We offer a wide array of services, most of which are available through our [website](#) or through remote service modes.** Online information resources are available 24/7.

Watch for our *INSIDE The Clarion University Libraries* and please feel free to contact us when you need information resources and support.

### Carlson and Suhr Libraries

**Carlson and Suhr Libraries are open for onsite use by students, faculty and staff.** We offer a wealth of information resources in print, media, and electronic forms. Reference librarians are available to provide you with personalized assistance.

If you need to use a computer, the libraries have plenty. Both libraries are wireless zones with notebook computers and iPads available for loan. Visit the libraries, [website](#), or contact us for more information.

## Something To Think About

*Some people are always grumbling  
because roses have thorns;  
I am thankful that thorns have roses.*
